A NOTE FROM JENNIFER

Hello 4-H Family,
I wanted to remind you about the Western Kansas Challenge that I sent out through 4HOnline. Some families shared that they had not seen the email. The mailer page of this newsletter will be the email that was sent. I encourage every club to donate \$50 to this Challenge. I plan to speak with other Extension Office's in the affected areas to see what needs are current. Shout out to NO and BB County 4-H Councils, as well as BB County Jr Leaders for your donations. I know many other clubs expressed interest in donating. Let's reach the goal of \$2000 for Southwind 4-H!

Jennifer

This is a great transitional opportunity, as these tweens go from being a camper to attending educational conferences. 4-H Campference will feature workshops about opportunities in the 4-H program and how to better interact with others. Participants will meet other youth from around the state of Kansas.

Register early as the space will fill on a first come basis, and Campference was full the last three years! Register online by May 15 (or earlier it will close when it is full) and payment must be in your local Extension Office by May 15. Detailed information will be the State 4-H Website. Incorrect nominations are returned and must be re-submitted with an additional penalty fee. HOST FAMILY PLACEMENT FOR ACADEMIC YEAR STUDENTS

Kansas 4-H International Exchange Programs has identified one 4-H family to host a Japanese student for the 2017-18. We have committed to host at least one more student from Japan, Korea, Eastern Europe and Eurasia. These students go to a public school as senior high student and participate in school activities. Except for the meals, lodging and transportation provided by the family, these students have funds to cover their school and personal expenses. There is no requirement about age or gender of host siblings. They have been selected to be successful in the program. Families can select from students available through States' 4-H International Exchange Programs nationally.

A flyer on the Academic Year Exchange (AYP) options is posted on the Kansas 4-H Exchange Hosting page: <http://www.kansas4-h.org/events-activities/global-citizenship/host-family-information/index.html>.

For more information or questions please contact Jennifer 620-244-3826.

4-H CLOVERBUDS EXTENSION POLICIES

When 4-H and/or Extension plans, organizes and facilitates a livestock, small animal, horse or pre or post-fair activity please double check that 4-H Policies are being followed. An area of concern is 4-H Cloverbuds. The program was designed for 5- and 6-year-olds.

Cloverbuds is activity-focused, rather than project-focused. Furthermore, 4-H Cloverbuds members may not participate in any competitive 4-H events. 4-H Cloverbuds members may showcase their exhibits at fairs and public events. 4-H Cloverbuds may not have 4-H livestock projects that require long-term, ongoing care or weigh-ins, nor can the member participate as a competitive 4-H exhibitor within livestock divisions.

For more information referring to 4-H Cloverbuds, please check the Kansas Department of 4-H Youth Development Policy Guide, section D3 4-H Cloverbuds, page 8 or contact Jennifer 620-244-3826.

GRANTS AVAILABLE FOR FOSTER CHILDREN

Kansas 4-H Youth Development, the Kansas 4-H Foundation and Saint Francis Community Services are working together to provide funding opportunities for children and families involved with foster care. The purpose of the Kansas 4-H Resource Family Project and Camp Grant Programs is to provide financial assistance for foster youth and their resource families who want to participate in learning opportunities available through 4-H.

Kansas 4-H is open to all youth ages 7 through 18 wanting to expand their learning opportunities. 4-H focuses on developing confident, capable, caring, responsible citizens. 4-H offers a wide range of project areas that youth may learn from, ranging from agriculture to food and nutrition to aerospace and photography. Although being involved in the local club can provide an opportunity for youth to learn from each other and contribute to others through community service projects, volunteers and family support are also important elements of 4-H as volunteers and parents serve as club and project leaders that guide and mentor youth. Through the Kansas 4-H Foundation, \$5,000 in grant funds are available to support foster care families and the children in their care who are current or potential 4-H members.

WESTERN KANSAS AID

Have you been wondering how you could help those who lost so much due to the wild fires in Western Kansas? I am sure you have seen all of the wonderful things people from all over the United States have been doing and I think we here in the Southwind District need to help too!

So, the Extension Office is challenging you, your 4-H Club, and your County 4-H Council to donate or collect fencing supplies for those in need. Agents are currently working with local farm supply stores to secure donations or matching in product. Transportation has been secured to take supplies as well.

Are you curious why we selected fencing supplies? Well, it costs roughly \$10,000 to build one mile of fencing. Now multiply that by the miles upon miles of fencing that needs replaced.

I would like to set a goal of \$2,000 in donations. If each 4-H Club in the Southwind District was able to donate at least \$50, we could have \$1,000 to put towards building supplies. That puts us halfway to our goal. I am confident Southwind 4-H could easily meet, if not exceed, this goal.

Of course your participation is completely voluntary, but how awesome it would be for all of us within the entire Southwind District to come together for such a great cause!

If you are interested in making a donation as a club, please let me know and send a check payable to your local 4-H Council. More details on when we will conclude this challenge will be sent out soon!

Please let Jennifer know if you have questions or would like to make a donation 620-244-3826.
