

Focus on Fescue

**April 4
6:00 p.m.**

Moran Community Center
407 N. Cedar St.
Moran, KS 66755

Southwind Extension District Agent for Livestock Production and Forage Management, Christopher Petty will explain what a fescue endophyte is, and how it helps the fescue plant.

Southeast Area Livestock Specialist Jaymelynn Farney will explain how the fescue endophyte affects livestock, and what you can do to mitigate these effects.

Southeast Area Agronomy Specialist Doug Shoup will discuss fescue management and fertility considerations.

Pre-registrations are required by March 30 for an accurate meal count, and can be completed by calling the Southwind Extension District Iola Office at 620-365-2242
