YQCA 3RD YEAR
Youth for the Quality Care of Animals (YQCA), launched its third year of the program on October 1. Therefore, a new set of educational modules are now available for youth to complete. Youth may complete the online training for $12/child, or participate in an instructor-led session for $3/child. All participants must register and pay through the YQCA site, regardless of the type of training, in order to obtain a number and receive their certificate. A young person’s YQCA certification is valid for one year, so youth need to re-certify annually. The Kansas State Fair Grand Drive and KJLS are expected to continue requiring all exhibitors to complete YQCA to be eligible to exhibit in the 2020 shows. Information, contact Lexie Hayes adhayes@ksu.edu, 785-532-1267.

STANDARDS FOR 4-H AND FFA
Eligible youth may participate in both 4-H and FFA but should avoid duplication. The following standards of participation are used in delivering the 4-H and FFA programs in Kansas.
1. Agriculture Education teachers, FFA Advisors, Extension staff and local volunteers are encouraged to cooperate in sharing information and resources to provide educational opportunities for youth.
2. When young people are members of both 4-H and FFA, they must plan and manage separate projects, and/or supervised agriculture experiences (SAE) programs.
3. FFA and 4-H members may enroll in the same area of experience in 4-H and FFA, however; participants cannot identify, nominate, manage, keep records on, or exhibit the same plants, animals, etc. in both organizations. Members must designate exhibits as either FFA or 4-H at weigh-in, registration or similar deadline.
4. Members may participate in judging contests and related events in FFA and 4-H but cannot represent both organizations at a contest, show or event at the same time.
5. When 4-H and FFA are conducting collaborating activities, both the 4-H and FFA organizations must be represented through emblems and information on all signs, print materials and awards.
6. Collaborating FFA and 4-H activities or events are obligated to have supervision representation from both organizations. The standards are in agreement with Kansas 4-H and FFA and hereby affirmed by members and professionals in order to participate in either educational program.

Wishing all of our 4-H'ers, both new and experienced, a rewarding, enjoyable, and educational year in 4-H!
