

Chicken Incubation Class

Come learn with us!
Youth in the 2nd through 5th
grades are invited to learn
how to incubate chicken eggs!
They will also learn:

- The anatomy of an egg
- The different stages of the embryo
- The basics of taking care of chicks

Join us every Monday from 10 AM to 11:30 AM starting on June 26th and ending on July 17th. The class will be at the Southwind Extension District Erie office, 111 S. Butler.

for this free program!

K-State Research and Extension is committed to providing equal opportunity for participation in all programs, services and activities. Program information may be available in languages other than English. Reasonable accommodations for persons with disabilities, including alternative means for communication (e.g., Braille, large print, audio tape, and American Sign Language) may be requested by contacting Clara Wicoff two weeks prior to the start of the event at 620-365-2242 or clarawicoff@ksu.edu. Requests received after this date will be honored when it is feasible to do so. Language access services, such as interpretation or translation of vital information will be provided free of charge to limited English proficient individuals upon request.
