   b. Livestock (beef, sheep and dairy) must have entries postmarked two weeks prior to the opening of the fair.

2. Stalls and pens must be kept clean at all times. Arrangements for cleaning of pens should be done prior to removal of animals from the fairgrounds. An exhibitor who fails to clean their pens and general area may be subject to forfeiture of premiums, all or part. Assessment of any penalties will be made by the department superintendent.

3. Every 4-H steer may be mouthed. Determination as to whether steer entries fall within desired age limits for show steers will be based only on the development of the teeth. Any steers that, in the opinion of the official in charge, have their permanent incisors up and in wear will be excluded from entry in show.

4. All livestock must be typical of the breed they represent.

5. All livestock except horses shall be owned by exhibitors from Allen, Woodson, Bourbon, Anderson, Coffey, Neosho, Wilson and Linn counties.

6. Four (4) or more animals per breed must be shown before a champion ribbon is awarded.

7. Horses are to be ridden in the arena area only. Horses are not permitted on the dike or in any area south of the livestock barns. Violators of this rule will be asked to leave the fairgrounds.

8. Persons bringing property of any kind upon the fairgrounds, either as exhibitors or otherwise, do so at their own risk. No liability shall arise from any supervision over exhibits exercised by the association or its employees, but every precaution will be used to protect such property.

9. All exhibits must be kept on the fairgrounds during the fair. No exhibitor shall show more than two entries in the individual classes and no more than one entry in the group classes. No entry shall compete in both breeding and market or feeder classes.

10. No exhibitor shall show more than two entries in the individual classes and no more than one entry in the group classes. No entry shall compete in both breeding and market or feeder classes.

11. Where an exhibitor has little or no competition, the entries shall be judged, and premiums awarded according to the merit of the exhibit.

12. The right is reserved to prorate premiums if funds are insufficient to pay in full.

13. See various departments for special rules applicable.

14. Exhibitors must claim their property at the close of the fair. No exhibits will be removed or disarranged prior to Sunday at 9 p.m., nor without proper identification of the property. No premiums will be paid at check out. Premiums will be available Monday at 8 a.m. All unclaimed money will become property of the Fair Board on October 3.

15. No sexual signs of any form, no obscenity on t-shirts, stickers or posters, etc. on the fairgrounds.

16. The management of the fair reserves to its board the final rights to interpret the rules and regulations and arbitrarily settle and determine all matters, questions and differences thereto. When no rule appears to cover a given situation, the board will make such rules as
are necessary and determine its application to the situation. The rules and regulations of the Kansas State Fair will be used as a guide in matters not otherwise covered in this book.

17. The Community Building will be closed to the public Thursday from 7 a.m. until 6 p.m. for exhibit entry and judging.

18. Commercial booths can be set up Wednesday and Thursday evening from 5-7 p.m.

12. Exhibitors must notify the appropriate livestock superintendent(s) on what they will do (premium sale, ship base bid, or take home) with each market animal exhibited at the fair. Intent to sell cards are due to the announcer’s stand by Saturday at 10 p.m. The $10 fee for each animal sold will be deducted from the exhibitor’s sale check. Failure to meet the above deadline will result in:
   a. If notified after 10 p.m. Saturday but before 8:30 a.m. on Sunday, exhibitors may participate in the premium sale ONLY after paying a $25 late fee. All late entries will be placed at the end of the sale program. The animal may be shipped base bid.
   b. If not notified by 8:30 a.m. on Sunday, the animal will go home. It will NOT be shipped base bid and will NOT be eligible for the premium sale.

13. All livestock will be subject to drug withdrawal.

14. Following the premium sale all animals must return to their pen to be checked by the superintendent.

15. An individual animal can be shown in both 4-H and open class. (Rule as adopted by the fair board at the April 2004 meeting.)

16. Health requirements: Read livestock health requirements under open class general rules. Each market animal exhibited at the county fair must have a completed “4-H Livestock Drug Withdrawal Form” on file with the Extension Office.

17. 4-H exhibitors MUST exhibit their own livestock. In case of two entries or sickness, another Allen County 4-H member may show, provided it meets with the approval of the department superintendent.

18. NOTICE: 4-H/FFA members who have livestock stalled at the Allen County Fair will be charged a $10 per head stall fee if they fail to meet the following requirements:
   - Assistance at pre-fair cleanup
   - Assistance at post-fair cleanup

19. If an animal was shown at another county fair in the 4-H/FFA division in the current year, that animal is not eligible to sell or show at the Allen County Fair.

20. If an exhibitor sells an animal at a county fair 4-H/FFA division premium auction in the current year, that exhibitor is not eligible to sell in the Allen County 4-H/FFA Premium Auction or any Kansas State Show.

21. Showmanship will be offered for each show and show by age divisions. Those age divisions are Junior (Ages 7-9), Intermediate (Ages 10-13), and Senior (Ages 14-18).

ENTOMOLOGY
1. An exhibitor may choose to exhibit in the Collection or Educational class for each phase, or both.
2. All entries should be submitted in an 18” x 24” x 3.5” wooden display box with a clear plastic top. Boxes can be handmade or purchased as long as they are of the correct size and do not have a glass top.
3. Identification should follow the taxonomy included in www.bug-guide.net
4. Each exhibitor is required
to identify each box by placing an identification label bearing the exhibitor’s name, county or district and the class. One label goes in the upper left corner of the box (inside) and the other on the lower right corner of the box (outside). Arrange specimens in the box so it can be displayed lengthwise.

5. The number of orders, specimens (and families where required) must be included on the exhibitor’s box identification label. Only adult specimens can be used in collection boxes.

6. Arrangement of specimens: The preferred method is to arrange the insects in groups or rows parallel to the short sides of the box. Arrangements that run lengthwise of the box are frequently downgraded in judging. Specimens are to be arranged by Order in the box, then family where required.

7. For each collection class, two labels will be centered on the pin beneath each specimen. First (closest to the specimen) is the common name label and the second label should include date/locality, Full county/district name, state abbreviation and collector name on the second label are required. The specimens should be collected by the exhibitor and should focus on Kansas and neighboring states. Other specimens from the continental United State may be included as long as properly labeled.

8. Emphasis in judging will be placed on the overall variety of insects represented in the collection, accuracy of identification, skill and technique acquired in mounting of specimens, and overall arrangement and appearance of the collection.

9. Specimens of soft bodied insects such as aphids, lice, termites, etc. should be exhibited in alcohol filled vials; however, the use of alcohol filled vials should be limited to only those specimens that lose their shape when pinned, since the vials pose a significant hazard to the rest of the collection if they become loose in transit.

10. Only specimens of the class insecta should be included. This means specimens from arachnids, such as spiders, millipedes, centipedes, ticks,mites, etc. will not be judged or included in the overall specimen count.

11. Points will be deducted from collections and notebooks if:
   a. Non-insect and out of state specimens are not in a designated “display only” area.
   b. Any specimens are immature.

12. Link to Kansas State Fair Book for required rules: www.kansas4-h.org/events-activities/fairs/kansas-state-fair/index.html

Superintendent
Carol Crawford

1. Conference judging will be used in arts and crafts on Sunday, July 18, 1-3:30 p.m. in the Community Building.
2. Exhibitors must be enrolled in the arts and crafts project to enter.
3. All exhibits that need to be hung must have a wire or saw tooth hanger attached in order to be properly displayed. If not ready to hang, placing will be lowered by one ribbon.
4. Exhibitors may enter up to 6 items in the class or classes of their choice but no more than 6 items total.
5. Copyrighted kits and preformed molds are not considered original and are not acceptable in any Visual Arts Class. Combining parts of different patterns (pictures, photographs, images from the internet or a magazine) with the member’s own ideas can result in an original design, but simply changing the color, pattern, and/or size of a pattern does not make the design original. If you create a replica of what you see somewhere else (e.g. Pinterest), it is not your original design. If a photo, sketch, or other idea source was used, submit it with your entry, firmly attached to your exhibit.

4-H WILDLIFE

1. Exhibitors must comply with state and federal laws. It is illegal to possess threatened or endangered wildlife, or the feathers, nests, or eggs of non-game birds. Game birds and game animals taken legally during an open season may be used. The use of wild animals in educational exhibits is prohibited.
2. KSRE, 4-H Youth Development and the Kansas State Fair are not responsible for damage during the exhibition period.
3. Name, county or district, age and year in the project should be in a prominent location on the exhibit.

CLASSES
• Fine Arts. Oil, chalk, charcoal, dyes, pastels, pencil, ink, acrylic, or watercolor on canvas, canvas board, paper, wood, metal, or textiles, framed as a picture, prepared for hanging. Stretched canvas art on a wooden frame is considered prepared for hanging provided that frame has a hanger.
• Clay and Ceramics. Any original item made of clay; may be fired or unfired, hand formed, or thrown on a wheel. Self-hardening, fire/oven-cured, and/or cornstarch clays are acceptable. Items can include, but are not limited to, clay statues, bowls, etc.
• Leather and Jewelry. Any leather stamping, carving, tooling, lacing, or stitching piece or any jewelry piece made from any medium are acceptable exhibits.
• Three-Dimensional. The piece must be observable on at least three sides and should be either free-standing or prepared to be hung. Craft and pre-formed or assembled projects are not acceptable.
• General Crafts. This category incorporates miscellaneous pieces that do not correspond to the four categories mentioned above.
