SAMPLE OF SCRIPTS

4-H'ers Name from the Hiattville 4-H Club, is ready to head to the beach in this rhythmic sundress which she constructed. She loves the bright colors and light weight of the cotton fabric. She can easily add a jean jacket to transition from fun under the sun to a casual night out. Sandals and sunglasses complete the easy going look. *Name* is ready for fun in the sun! This will be *Name's* last fair as a 4-H member. She will be a sophomore at Kansas State University this fall studying occupational therapy.

Name, a second-year member of the Barnstormers 4-H Club, is having a great time this year as the fair is kicked off with his buymanship project. Fashion headlines are not the only thing on his mind as he is stepping out in the John Deer Green. Tonight, he is wearing a blue and green plaid long sleeve button up shirt, with stone washed jeans. He is ready to show his goats in his cowboy boots, green and white John Deer hat and belt buckle. He enjoys helping on the farm and hopes to be a farmer when he grows up. Great start *Name!*
