FAIR ACTIVITIES OPEN TO THE PUBLIC:

TINY TOTS BUCKET CALF, LAMB, & GOAT SHOW

- Youth ages 4-7 who know a 4-H member, whose bucket calf, meat goat, or lamb they can use to show (youth must ask permission of a 4-H member to use their animal)
- Lamb, goat, or calf must have a halter.
- No-show sticks or combs may be used with a bucket calf.
- No open-toed shoes
- If the youth is under 5 years, the owner of the animal must be present in the showing.
- All contestants will receive a participation ribbon.

TURTLE RACE

- Two divisions: Water Turtle/Snapper & Box Turtle/Ground
- All contestants will receive a coupon for a free snow cone from the concession stand, compliments of the Neosho County Fair Association

GREASED PIG CONTEST

- The contest will be divided by age and gender: 5-7 years; 8-11 years; 12-14 years.
- All contestants will receive a coupon for a free snow cone from the concession stand, compliments of the Neosho County fair association.

CREATIVE FITTING AND SHOWING CONTEST

- 4-H members, would you like to dress you and your animal up in a look-alike costume?
- You do not have to own the animal for this contest.
- You should have a "title theme" and write a short story about yourself on a 3"x5" card.
- You may include how you chose the title/theme, something about your animal, your name/age, 4-H club, and hobbies that will be read about you as you enter the show ring.
- Prizes will be given for first, second, and third place. Each 4-H Club is challenged to at least one entry in the contest.

KIDDY TRACTOR PULL

- Age divisions are 4-12 years, with the boys and girls competing against each other in each age group
- First, second, and third place will receive a trophy and will be eligible to participate in the Kansas State Fair in Hutchison. State Fair vouchers are also given to the first 3 place winners who haven't qualified anywhere else.
- All contestants will receive a coupon for a free drink from the concession stand, compliments of the Neosho County Farm Bureau, sponsor of the Kiddy Tractor Pull.

4-H AND FFA GENERAL RULES

- The Neosho County Fair is the official county 4-H fair; all members desiring to exhibit in out-of-county competition must exhibit at this fair.
- Neosho County 4-H members enrolled in 4H Online by January 1, 2026, are eligible to exhibit at the county fair.
- Members can exhibit only in those phases of the project in which they are enrolled by May 1, 2026, and are eligible to exhibit at the county fair.
- Members compete by age (as of January 1) levels. They are Junior (7-9); Intermediate (10-13); and Senior (14 & older).
- All 4-H exhibitors are required to complete fair entries on or before July 1st in the online fair entry system. Late entries will be accepted from July 2 through July 15 with a \$25 late fee per exhibitor. No entries will be accepted after July 15th.
- An entry tag is to be attached to each exhibit entered in the 4-H building with tape, string, or rubber band. Entry tags will be printed and available for pick-up at the Extension Office. The date will be announced for pickup.
- Exhibits by members 9 years and older earning a purple ribbon may be eligible for the Kansas State Fair. 4-H members are responsible for checking with the Extension Office for eligibility before Friday, August 9th.
- All exhibits are to remain on the fairgrounds from the time of entry until the scheduled release. NO EXCEPTIONS. Any exhibits removed prior will forfeit all premiums.
- Superintendents, Extension Agents, and the Fair Board are not responsible for exhibits left after exhibit release.
- Neither Neosho County Fair Association nor Southwind Extension District is liable for the loss or damage of private property.
- 4-H premiums will be paid after clean-up is completed on Tuesday and distributed to the club leaders. Any qualifying member that is not at cleanup will have to get with their club leader to receive their premium money.
- Rather than designating prizes as first, second, and third, exhibitors will be placed in the purple, blue, red, and white ribbon groups based on the Danish system; ribbons and requirements are:
 - Purple – an outstanding exhibit that met all class requirements, containing few, if any, flaws.
 - Blue – a particularly good exhibit that met all class requirements, contained few flaws, and was well above minimum standards.
 - Red – A good exhibit that met all requirements and was slightly above minimum standards. Although displaying good effort, the exhibit contained several flaws.
 - White – an average exhibit that met all class requirements but was below minimum standards, containing several flaws and considerable room for improvement.
- Grand Champion and Reserve Champion Rosette Ribbons may be awarded in each project based on the recommendation of the judge.
- The amount of money appropriated will vary with the placing. Cash prizes will be paid in purple, blue, red, and white ribbons.
- Premium money will be:
 - Grand Champion - \$2.25
 - Reserve Champion - \$2.00
 - Purple – \$1.50
 - Blue - \$1.25
 - Red - \$1.00
 - White - \$0.75
- Showmanship and green ribbons do not receive any premium money.

4-H AND FFA GENERAL RULES – INDOOR

Exhibits must be in place by the assigned check-in time on Thursday, July 23rd. Exhibitors are not to remove their indoor exhibits until assigned times on Monday, July 27th.

- Name, age, address of the exhibitor, name of club or chapter, and name of article or variety must be securely attached to all exhibits.
- An exhibit limit has been set at four per division for those that allow more than one.
- **Educational Exhibit Rules (if not otherwise specified in project category):**
 - For notebooks, display boards, and posters, no additional exhibit information is required; no manila envelope is needed for these exhibits.
 - Posters should be ready to hang from a hook
 - Exhibits are to have a **clear link to a project within each project category (i.e. Communications & Expressive Arts, Engineering and Technology, Family and Consumer Science, Leadership & Personal Development, Natural Resources, and Plant Science)** Just because an educational exhibit relates to the broad concept of the category does not qualify it to be displayed. Exhibits that do not clearly show a clear and direct relationship to the project will be disqualified.
 - Exhibits in posters, notebooks and display boards must contain substantial supporting educational materials.
 - Educational display boards, posters and notebooks should be creative and showcase details about the knowledge learned in the project during the current 4-H year. Value is placed on youth who can demonstrate how their skills have increased while completing the project. Each exhibit will be judged on uniqueness, creativity, neatness, accuracy of material, knowledge gained, and content. For example, a rocket that may have crashed and/or is highly damaged may be made into an educational display or poster that tells a great story with many lessons learned.
 - Follow copyright laws, citing all sources of information in a standard notation. Sources of information must be cited on the front of your exhibit, including all posters and educational display boards.
 - Educational displays are not to exceed a standard commercial 3' x 4' tri-fold display board. No card table exhibits will be allowed. Care should be taken to use durable materials that will withstand Fair conditions.
 - "Construction Kits" that are part of Educational displays must be contained in cases (tackle boxes, sealable containers, etc.) that may not be larger than 1' x 2' x 2' and must have a latch which securely keeps all components contained in the "Construction Kits". Other components are to adhere to appropriate dimensions as stated elsewhere.
 - Educational Project Notebooks must be organized in a 3-ring binder.
 - Any three-dimensional poster or display board exhibits may not be thicker than 2 inches.
 - Engines and igniters for rockets ARE NOT permitted with the exhibit and constitute an immediate disqualification. This is for safety reasons and includes both spent and live engines.
 - Exhibitor's name, Extension Unit, age, and year(s) in project must be tagged or labeled in a prominent location on the notebook, and/or "Construction Kit." For education displays and/or posters the exhibitor's name, county, or district, age, and year(s) in project must be tagged or labeled on the back of the exhibit. Exhibit cards are not sufficient as they may be removed or repositioned for display. Failure to label an exhibit may result in one ribbon placing deduction.
 - Exhibits should possess the following qualities (in no particular order):
 - A central theme
 - What you want others to learn
 - Be designed and constructed in a manner befitting the exhibit
 - Be something you are interested in
 - Be related to the identified project in each category theme

- If a safety violation is noted by the judges, superintendent, or other staff, the exhibitor's exhibit, at the judge's discretion, will receive a participation ribbon.

4-H AND FFA GENERAL RULES – OUTDOOR

- Exhibits must be in place by 10:00 a.m. on Thursday, July 23rd. Exhibitors must not remove their animals until 1:00 p.m. Monday, July 27th. **Pens may be cleaned from 1-4pm on Monday and not again until after all sale livestock is in place for trucks to load.**
- The youth must own the animal to compete in showmanship, except in horseless horses.
- Health requirements will be enforced for all animal exhibitors.
- Upon arrival at the fairgrounds, 4-H livestock exhibits will be taken directly to each department where the superintendent will enter your name into the appropriate division.
- No animals will leave the fairgrounds unless approved by the project superintendent and the project-related agent.
- Any exhibits removed before assigned check-out times on July 27th, without the project superintendent's approval will forfeit ribbon premium money for all projects.
- All livestock exhibitors will have an entry card with them upon entering the show arena.
 - Livestock does not use an entry tag. They have their own card.
 - Each livestock exhibitor will have an entry card stating their name, age, club, and the class in which they are exhibiting with them upon entering the show ring.
 - When the judge has announced the winners in the livestock class, the entry card will be collected and marked with the placing and given to the adult in charge of recording the placing in the superintendent's book.
 - The entry cards are to be kept with the superintendent's book.
- Competition in the livestock and crops classes are open to any bona fide 4-H or FFA member in Neosho County. All other classes in this department are limited to 4-H members who have not passed their 19th birthday and are 7 years of age by January 1, 2026.
 - Livestock exhibitors must be on hand to exhibit their animals.
 - If an exhibitor has two entries in the same class, the 4-H or FFA member may ask another Neosho County member to assist them, provided it meets the approval of the superintendent of the department.
 - All animals must show in the show arena to receive any awards and/or premiums to be eligible to sell in the 4-H livestock sale.
 - All exhibitors showing in the show ring and selling in the livestock sale (this includes those selling foods) must wear shirts with collars, tucked-in, close-toed shoes, no ball caps, and no logos showing on any article of clothing – excluding manufacturer's logos (Wranglers, Levis, etc).
- Clean up by departments
 - Livestock project members will clean the barns and remove all hay, etc. on Tuesday, July 28th at 6:00 p.m.
 - No 4-H member is to be in livestock barns following the sale. No clean-up or tear-down will be allowed in the barns until after 10:00 p.m. or otherwise announced, following the sale.
 - Rabbit project members will clean their building
 - 4-H and FFA members are required to keep their stalls clean during the fair.
 - No stall can be cleaned during the livestock sale or while getting sale animals ready for trucks
- 4-H premiums will be paid after clean-up is completed on Tuesday, July 28th. The premiums will be given to the club leaders to distribute.
 - 4-H premium money not picked up at the clean-up will be turned over to the club leaders to distribute.
 - The premium money for livestock sold at the livestock sale will be collected directly by the 4-H member from the business or merchant.

- The base bid money can be picked up at the extension office after August 14th.
- No entry fee or stall rent is required in the 4-H & FFA divisions.
 - Neosho County Fair Board reserves the right to dismiss any exhibitor from a class for treating their animal in a cruel and/or inhumane manner.
 - Club members' animals will be stalled together, as space is available.
 - All stalls will be assigned.
 - Once an animal leaves the fairgrounds, it cannot be readmitted.
 - Animals must be in their stalls unless they are being shown, groomed, exercised, or watered.
 - Beef animals may tie out between the hours of 8:30 p.m. and 9:00 a.m. in the designated tie-out space.
 - The horse barn will be kept full during the week.
 - During the show, no animal or exhibitor will enter the show ring, unless the superintendent approves the class to enter.
 - Adults must remain at least 5 feet away while animals are being shown. Violation of this rule may disqualify the exhibitor. This rule applies to all projects being exhibited by 4-H members.
 - Only 4-H & FFA members of Neosho County, their parents, project leaders, advisors, and members of the immediate family (defined as parents or legal guardians, grandparents, and siblings) will be allowed to help fit animals at the fair.
 - No fitting of any animal species is allowed on the west side of the east road or north of the north road.
 - Under extraordinary circumstances, to be approved by the 4-H Council and the Fair Board, a 4-H or FFA member may appoint another member to show their animal.
 - In classes with only one exhibitor, the judge reserves the right to place the exhibit or animal in the ribbon group they see fit.
 - Due to safety concerns, no fans will be allowed in or outside any of the buildings or barns, except those fans provided by the Fair board.

FAIR GRIEVANCE POLICY

- All grievances must be made in writing by the owner of the exhibit and signed by the individual writing the grievance.
- A fee of \$25 must accompany the grievance.
- If the grievance involves the judging or placing of an exhibit, the grievance must be filed within one (1) hour of the conclusion of that judging contest.
- All grievances must be filed by 11:00 am on the closing day of the fair.
- The grievance must be made to the fair grievance board, consisting of one 4-H council member, one adult from the council, one member of the fair board, and two members of the 4-H development committee.
- No complaints are to be voiced or written to the Extension Office or the employees there.
- Judges' decisions are final in all exhibits and contests.

ROUND ROBIN SHOWMANSHIP

- The champion showman in both the senior and intermediate divisions of the beef, dairy goat, meat goat, swine, sheep, horse, dairy cattle, and dog showmanship events is eligible to compete.
- 4-H members must show their animal in their class to be judged and then allow the same animal to be shown in the ring by their senior/intermediate competitors, respectively. Each 4-H member will show the other animals for a specific time limit.
- If a 4-H member wins in more than one species, they must choose which species to show, and an alternate will be selected to show the other species.
 - Alternates are chosen in descending order of showmanship class placing.
- Please notify the fair office by Sunday, July 26th, at noon as to your participation intentions.

HERDSMANSHIP AWARD

- Awards will be given (in most livestock species) to the 4-H member that keeps their stall neat, and clean, and the animals well cared for during the county fair.

RULES AND REGULATIONS FOR THE 4-H/FFA FAT LIVESTOCK SALE

- Each animal will be treated as an individual project.
- Each person may only sell one market animal in the market livestock sale.
- All livestock must be shown at the Neosho County Fair in the respective class to be eligible to enter the sale.
- Breeding animals will not be eligible to be sold at the sale.
- Eligible sale weights:
 - Market Hogs – 220-300 pounds
 - Market Lambs – 95-165 pounds
 - Market Meat Goats – 50-120 pounds
 - Market Steers – 1,000 pounds
 - Feeder Beef – 600-900 pounds
- Livestock entered into the sale must be weighed according to the rules of the fair association.
- Scales will close at 10:00 am on July 23rd.
- Bids at the livestock sale will be per head.
- Should any dispute arise concerning eligibility or requirement, the fair board decision is final.
- All 4-H/FFA members must be present to sell animals at the premium sale unless they are on a 4-H/FFA sponsored event or personal injury, illness, or death of a family member preventing them from being present.
- An \$8.00 fee will be charged for each animal sold during the sale to cover the cost of ribbons and other sale expenses.
 - If the animal is sold for the base bid only, the 4-H member will be charged an \$8.00 sale fee.
 - If you have a hold animal, then the \$8.00 sale fee will be due to the fair association.
 - The 4-H member will make a check directly to the Neosho County Fair Association and give it to the extension office by August 12th.
- All base bids will be posted.
 - The base bid will be accepted with no shrink on weights.
- All 4-H members selling animals will notify the fair office in written form from 5:00 p.m. to 7:00 p.m. Saturday, July 25th.
 - If the disposition is not turned in by this time, there will be a \$25.00 fee charged to the 4-H member.
- 4-H members that had an animal held back during the sale by a premium bidder must go directly to the buyer and collect the base bid and premium in one check
- All animals will be penned after the sale, so each superintendent can check identification numbers and see that the correct animals are loaded on the truck.
 - The base bid and premium money for livestock purchased by the Neosho County Merchant's Fund may be picked up at the Extension office in Erie, after August 12th.
 - If your animal was purchased by a business or an individual, you may collect it from them after the fair.

- See 4-H General Rules.
- The purpose of the 4-H Veterinary Science project is to provide a way for young people who care for animals and may want to follow a career in veterinary medicine to explore the topic. In this project, members will learn about animal health, behavior, and visit with veterinarians. 4-H member in the Veterinary Science project may develop an exhibit to demonstrate the knowledge and skills learned about a common health problem in animals, a veterinary science principle or public health/zoonotic diseases.
- A Veterinary Science exhibit may consist of a poster, notebook, project display, or diorama. The exhibit may represent material from any of the Veterinary Science projects including entry level exhibits from Unit I.
- If photographs are to be part of the exhibit, remember that they will be viewed by the public. Make sure that the photographs are in good taste and will not be offensive to anyone. Graphic photographs of excessive bleeding, trauma or painful procedures are not appropriate. For exhibits related to veterinary surgical procedures, aseptic techniques need to be shown, for example, use of drapes, use of sterile procedures, wearing of gloves and other appropriate veterinary medical practices.
- First-Aid Kits: Because of public safety concerns and risk of theft of first-aid kit contents (veterinary drugs/equipment) with perceived potential for drug abuse, animal first aid kits containing any drugs or medications will be immediately disqualified and not displayed. First Aid kits wishing to include medication information should instead utilize written descriptions, photographs, drawings, computer generated print-outs or empty packaging of pharmaceuticals.
- Veterinary Science Posters - This exhibit presents the viewer with a design that is simple and direct, unlike a display that usually presents more information. A poster should not exceed 22" x 30" and may be either vertical or horizontal. Trifolds and framed posters will not be accepted as a poster entry.
- Veterinary Science Displays - A display may include but is not limited to: a 3-dimensional exhibit, a scale model, the actual product (for example: skeleton; teeth; samples of leather, fur, or dried skin damaged by disease or parasites) or a notebook. All displays need to be on 3' X 4' trifold board or in a three ringbinder. Smaller boards will not be accepted
- Veterinary Science Notebooks: Individual entries are to be placed for display in a three-ring notebook for competition. Notebooks may not be larger than 8 1/2' x 11".
- Veterinary Science Diorama: A diorama is a 3-dimensional model or exhibit that depicts a scene, event, or environment. All dioramas need to be contained. The size is not to exceed 3' X 3' X 3'.
- **Neither** the Kansas State Fair **nor** the Department of 4-H Youth Development, KSRE is liable for the loss or damage of any personal property included as part of your poster, display, notebook, or diorama.
- Name, county/district, age and year in project should be on the front of the poster, display, notebook or diorama.
- Appropriate topics include:
 - Maintaining Health
 - Specific disease information
 - Photographic display of normal and abnormal characteristics
 - Animal health or safety
 - Public health or safety
 - Proper animal management to ensure food safety and quality
 - Efficient and safe livestock working facilities
 - A topic of the exhibitor's choosing related to veterinary medicine or veterinary science.

- Because these are science displays, all references and information must be properly cited. Make sure to highlight all sources and references. Proper sources include but are not limited to: Professional journals and publications, professional AVMA-accredited websites, interviews with veterinarians, and excerpts from Veterinary Educational Literature. Plagiarism will result in disqualification. Please study your topic and present the information to your audience in your own words.
- The Veterinary Science Modules are for sourcing, referencing, and learning purposes. The modules are not for project submission. Any notebooks, posters, displays, or dioramas submitted with only Veterinary Science Modules work will be disqualified.

CLASSES

- 4-H Veterinary Science Notebook
- 4-H Veterinary Science Poster
- 4-H Veterinary Science Project Display
- 4-H Veterinary Science Diorama

COMMUNICATIONS & EXPRESSIVE ARTS (Including: Communications, Performing Arts, Photography, Visual Arts)

COMMUNICATIONS

- See 4-H General Rules.
- 4-H exhibitors must be enrolled in the project related to the exhibit.
- Exhibit must include name and club.
- Exhibits will be judged on completeness, quality of work and neatness.
- Exhibit is not Kansas State Fair eligible.

CLASSES

- Educational Display
- Promotional Poster
- Notebook

PERFORMING ARTS

- See 4-H General Rules
- 4-H exhibitors must be enrolled in the project related to the exhibit.
- Exhibit must include name and club.
- Exhibits will be judged on completeness, quality of work and neatness.
- Exhibit is not Kansas State Fair eligible.

CLASSES

- Educational Display
- Promotional Poster
- Notebook

PHOTOGRAPHY

- Read 4-H & FFA General Rules
- The photographs entered must be the result of the current year's project work by the 4-H member.
- Photographs must be taken by the 4-H member.
- Black and white prints and color photographic prints may be exhibited.
- Photographs taken with a digital camera are allowed no more adjustments than exposure, color intensity or correction, one click filter effects, red eye removal, cropping, dodging and burning, and HDR (high dynamic range). Please note: AI (artificial intelligence) modified images are not allowed.

- The black and white classes are for black and white photos only. Monochromatic prints, including sepia prints are considered color photos and must be entered in the appropriate color photo class.
- All photographs must be no larger than 8x10" and no smaller than 7x9".
- Exhibitors may exhibit up to **four** entries.
- Photos must be mounted with the top edge of the print 1" below the top of the mount (board is always oriented narrow side up). The sides of the print must be equal distance from the two sides of the mount.
- **The board is always narrow side up.**
- Matte boards and cover sleeves may be purchased at the Extension Office.at
- the Kansas State Fair 4-H Photography ID Strip (available from your Extension Office or <https://www.southwind.k-state.edu/fairs/neosho-county/>) must be used and mounted correctly on the bottom front of the matte board.
- Improperly mounted photos, oversize or undersize photos or photos with the white borders not removed or lettering (including dates) on the photo, will be awarded a ribbon one placing lower than the placing determined by the official judges.
- SUPERINTENDENTS WILL SEAL THE BAG FOR YOU, SO PLEASE DO NOT SEAL THE CLEAR BAGS YOURSELF.
- Adhering photo to matte board: A full coverage permanent mount using a spray adhesive must be used. Do not use household glues, glue sticks, double stick tape/patches, etc. to adhere photo to matte board. Photos not mounted correctly will be lowered one ribbon placing after judging. Each photo is handled numerous times (up to 30) throughout the Kansas State Fair judging, sorting, and display process. Proper mounting is important for durability and display purposes. Educational video for proper mounting is available at www.kansas4-H.org on the photography project webpage.
- No lettering is permitted on the front of the mount or the photo.
- No lettering, names, addresses, descriptions or personal information pertaining to the photo or exhibitor should be written on the back of the photo matte board. The back of the photo matte board should remain blank.
- 4-H entry tag must be paper clipped to the front of all photo exhibits.
- A grand and reserve rating will be awarded in each age category.
- One of the three grand champion winners will be named overall grand champion.
- Photographs with live subjects(s) on the right of way or taken from the railroad right of way will not be displayed In Kansas 4-H Photography and will be DISQUALIFIED and not judged.
- Photograph examples can be people, nature shots, action, animal/insect, man-made objects, macro (close up), and portrait.

CLASSES

- Color
- Black and White
 - The Black and White class is for black-and-white prints only. Monochromatic prints, including sepia, are considered color photos and must be entered in the appropriate color photo class.
- My Favorite 4-H Photography Display
 - Only for those photography members with 10 or more years of experience.
 - Non-judged mounted display consisting of four favorite photos from the member's photography career in 4-H
 - All photos and a fifth/description with details of why they are regarded as significant will be mounted on a white or cream studio matte board.
 - Photos and biography/description will be displayed on one row of the photography racks.
 - This class is an extra way to showcase the development and accomplishments of the 4-Hers photography career.
 - Biography Piece
 - Tell how/when an interest in photography began.
 - Explain why each of the four is your favorite.

- Share the skills learned because of photography, think beyond camera skills and include leadership, community service, etc.
 - Tell of any mentors/leaders you worked with
 - Share workshops or camps pertaining to photography you attended.
 - Explain, if relevant, any plans to use photography skills beyond 4-H/high school.
 - Include a small (2x3) photo of yourself at the start of the biography.
 - Print the biography document and mount it on a standard mat board.
 - This exhibit doesn't have to qualify at the county/district level to exhibit at the state fair.
 - There is no data slip required.
- Fun Class
 - All ages
 - Theme: For the Love of Your Country
 - This is in celebration of the 250th anniversary of America. The photo must be of something in your county. A photo winner will be selected not just from how the photo looks, but also from the note card.
 - 4-H'er must include a 3x5 note card with the following:
 - Name
 - Where the picture was taken
 - How does this picture represent your county
 - Not eligible for Grand or Reserve Champion
- Growth Portfolio
 - Members are eligible for this class beginning with the third year of enrollment in the 4-H photography project exhibit.
 - The exhibit will consist of one photo for each year of enrollment. Each photo must have been created in a different year and labeled with the year it was taken/project enrollment year. A maximum of five photos may be included, if the member has five or more years of enrollment. Photos are not required to be in consecutive order. For example, a nine-year-old with three years of enrollment in photography is eligible to enter a growth portfolio. The portfolio in this example should have one photo from seven-year-old, one photo from eight-year-old, and one photo from nine years old.
 - The growth portfolio may start at any time in the member's career.
 - For an older member, the growth portfolio would represent any five years in the project, for example, years 1,3,5,7, and 9 for a member having project enrollment totaling 9 years.
 - Each photograph must have been created in a different year and must be labeled with the year taken and which year of enrollment it represents.
 - Photographs must be 8x10" and may be in color or black and white and be unmounted.
 - An information sheet must accompany each photo giving the brand and model of the camera used to create the photograph.
 - The setting for focal length, aperture, mode, and shutter speed must also be listed.
 - The skill set used to create the photograph must be given and explained.
 - The main goal for each year should be listed. The form for this information is available on the Kansas4h.org website, is a form fillable document and is required.
 - Beginning with photograph two, a member description of growth in project skill must be included in the information sheet.
 - Beginning with photo 2 (two), member description of GROWTH in project skill must be included on information sheet. Exhibit will consist of introductory page, skill sheet and photo from each year in chronological order and arranged in a portfolio book. Skill sheet will go in left hand page and unmounted photos in right hand page.

- Career Portfolio
 - Members must have been enrolled in Photography for five years or more OR members must be aged 15-19 and have enrolled in photography for at least two years.
 - The exhibit will consist of ten, 8x10" photographs, showing skill development in one of the following photography areas:
 - Portraiture
 - Special Effects (not done with a computer)
 - Landscape
 - Photojournalism
 - Nature/Wildlife
 - Graphic Design
 - Photojournalism
 - All photos must be the result of the current 4-H enrollment year.
 - Photographs may be in color except if the black-and-white option is chosen and be unmounted.
 - An information sheet must accompany each photo giving the brand and model of the camera used to create the photo. The settings for focal length, aperture, mode and shutter speed must also be listed. This sheet may be downloaded from the Kansas4h.org; it is a form fillable document and is required.
 - A one-page summary should accompany the portfolio listing the goal for pursuing this area of photography and what skills were learned while doing so. Mentors should be acknowledged.
 - Career exploration can also be described.
 - The exhibit will be presented in a notebook designed for the portfolio with review pages for required information from the fourth and fifth hollow bullet points above.

VISUAL ARTS

- Read 4-h and FFA General Rules
- Articles exhibited must be an original design created by the exhibitor.
- See copyright guidelines in the general rules section of the fair book.
- All visual arts exhibits are evaluated using visual arts rubric, which considers the correct use of design elements, craftsmanship, and creativity.
- A member may only display **FOUR** visual arts items.
- All exhibits which need to be hung (including all fine arts) must have a wire or saw tooth hanger attached (no string or tape).
- If necessary, if the hardware is not attached, a ribbon will be deducted and will not be displayed.
- Multipiece items should be marked accordingly.
- No plant or plant materials needing watering can be entered as an art display or item.
- All exhibits are entered at your own risk.
- Copyright kits and preformed molds are not considered original and are not acceptable in any Visual Arts Class.
- Combining parts of different patterns (pictures, photographs, images from the internet or magazines) with the member's own ideas can result in an original design, but simply changing the color, pattern, and/or size of a pattern does not make the design original.
- Explanation of the term "kit" – Any art project that comes pre-packaged or boxed as a "kit" is not an allowable project for the State Fair. While utilizing kits can help build skills, the work needs to be original to the 4-H member. Examples include paint by number, diamond art kits, string art, etc. Exception: Leather project kits, due to the nature of precut leather, are allowed.
- Explanation of "original art" - if a 4-H member creates their own pattern or art project that contains paint, diamond art beads, string art or any other medium, then it becomes their own work and in turn can evolve into an allowable project. Combining parts of different patterns (pictures, photographs, images from the internet or magazine) with the member's own ideas can result in an original design. Changing only the color, pattern

or size does not make the design original. If a photo, sketch or other idea source was used, or a new pattern was created by the 4-H member please submit it with the judging rubric.

- The design process for original art by the 4-H member must be explained.
- Painted craft versus glazed pottery – When a 4-H member uses acrylic paint on pre-made ceramic pieces it is considered a painted craft. When a 4-H member applies glaze to greenware and the pieces are fired, that is considered pottery/ceramics and fine art.

CLASSES

- Fine Arts Oil, Chalk, Charcoal, Dyes, Pastels, Pencil, Ink, Acrylic, or Watercolor on canvas, canvas board, paper, wood, metal, or textiles, framed as a picture, prepared for hanging.
 - Stretched canvas art on a wooden frame is considered prepared for hanging if the frame has a hanger.
- Clay and Ceramics
 - Any original item made out of clay; may be fired or unfired, hand formed, or thrown on a wheel.
 - Self-hardening, fire/oven-cured, and/or cornstarch clays are acceptable.
 - Items can include but are not limited to: clay statues, bowls, etc.
- Leather and Jewelry
 - Any leather stamping, carving, tooling, lacing, or stitching
 - Any jewelry piece made from any medium is acceptable for exhibits
 - Leather project kits are acceptable due to leather being pre-cut for particular projects
 - If a 4-H member makes their own leather pattern that should be explained in the rubric and the pattern included
- Three-Dimensional
 - The piece must be observable on at least three sides.
 - Should be either free-standing or prepared to be hung.
 - Craft and performed or assembled projects are not acceptable.
- General Crafts
 - This category incorporates miscellaneous pieces that do not correspond to the four above-mentioned categories.

ENGINEERING&TECHNOLOGY(Including: Aerospace/Rocketry, Ag Mechanics Welding, Astronomy, Building Block Engineering, Computer Science, Electric & Renewable Energy, Robotics, Small Engines, Uncrewed Aircraft Systems, Woodworking)

- Read 4-H and FFA General Rules
- This only lists classes. Before selecting a class, make sure to read Kansas State Fair Rules for Guidelines for each category. Rules are found at this link/page: <https://bit.ly/2025StateFair>
- Members 7-9 may compete in the first class under each category.

AEROSPACE/ROCKETRY

- Beginner kits with prefabricated fin assemblies and pre-finished rockets requiring no painting are not acceptable and will be disqualified.
- Plastic snap together fins and prefabricated fin assemblies that do not require fin alignment are not acceptable and will be disqualified.

Ages 7-8

- Rocket made from “beginners kit”. Include plans. Rockets in this class may have pre-assembled fin units (plastic). (This class is for first and second year 4-H members to explore the rocketry project).
- Scale Model Rocket made from kit. Include plans.
- Rocketry Educational Display, Notebook, or Poster Board

Ages 9-13

- Rocket made from a kit, without pre-assembled fin units. Include plans.
- Scale Model Rocket made from a kit. Include Plans
- Rocketry Educational Display, Notebook, or Poster Board

Ages 11-13

- Scale Model Rocket designed by exhibitor: not merely a modification of an existing kit. Include original plans and stability testing.
- Rocket designed by exhibitor: not merely a modification of an existing kit. Include original plans.
- Rocketry Educational Display, Notebook, or Poster Board

Ages 11 and over

- Rocket designed by 2 or more exhibitors: not merely a modification of an existing kit. Include original plans.

Ages 14 and over

- Rocket made from a kit, without pre-assembled fin units. Include plans.
- Rocket designed by exhibitor: not merely a modification of an existing kit. Include original plans.
- Scale Model Rocket made from kit. Include plans.
- Mid-power rocket made from kit or original design.
- High power rocket made from kit or original design.
- Rocketry Educational Display, Notebook, or Poster Board.

AG MECHANICS WELDING

Classes:

- Welding (Ag or General Repair, Artistic or General Fabrication)
- Other Metal Work (Repair or Fabrication)
- Smithing (JR and Intermediate) A design forged with at least two different formed elements (Ex: twists & spirals).
- Smithing (Seniors) A design forged with at least three different formed elements (Ex: twists, spirals, & bulbs).
- Educational Display, Notebook, or Poster Board. (See Educational Exhibit Rules in General Rules)

ASTRONOMY

- Telescope made from a kit
- Telescope made from an original design
- Educational poster, notebook, or display board (*See Educational Exhibit Rules in General Rules*)

BUILDING BLOCK ENGINEERING

- All categories must follow the Kansas State Fair rules. These rules may be found at <https://bit.ly/2025StateFair>

CLASSES

- Junior Interlocking Brick Diorama built from scratch
- Intermediate Interlocking Brick Diorama built from scratch
- Senior Interlocking Brick Diorama built from scratch
- Educational poster, notebook, or display board (*See Educational Exhibit Rules in General Rules*)
- *Educational displays may use kits and any interlocking bricks used must adhere to the other general rules set forth. Educational displays are to inform the audience about something, for example, the Titanic. They are not to be merely an entry of a kit. Entries of just kits in the educational division will be disqualified.*

COMPUTER SCIENCE

- Computer programs, application, app, script, or coded system that is new and unique (not merely a file run in a program, such as a word document or a picture drawn in Microsoft Paint).
- Coded website built entirely by the 4-H Member (not using a pre-made template generator such as Wix or Squarespace). Items in this class could be coded in HTML, CSS, Javascript, Wordpress, or other web-based programming languages or platforms.
- Microcontroller or microcomputer application – a small circuit board that is programmed to accomplish a specific task (projects built and programmed using Raspberry Pi, Arduino, etc.)
- Educational Display, Notebook, or Poster (*See Educational Exhibit Rules in General Rules*)

ELECTRIC & RENEWABLE ENERGY

ENERGY MANAGEMENT

- Read 4-H and FFA General Rules
- Open only to those enrolled in the electric/electronics/small engine/power of wind projects.
- Each exhibitor may enter up to three articles in a division, but only one per class.
- Each Electronics & Renewable Energy exhibit must include a “4-H Electronics & Renewable Energy Information Form” which is available at your Extension Office or at <http://electric.engtech4ks.com/>. This form must be attached to the outside of a 10” X 13” manila envelope. You must also include a wiring diagram or schematic. Place them inside the manila envelope. For notebooks, display boards, and posters, no additional exhibit information is required; no manila envelope is needed for these exhibits.
- Items that have been in use should be cleaned for exhibit.
- All electrical exhibits’ wiring and connections must be accessible for examination by the judges. Sealed exhibits that cannot be opened for inspection are not acceptable.
- Lithium batteries must be accessible or removable in exhibits for safety purposes. The exhibit cannot contain a locked compartment housing a lithium battery.
- The National Electric Code (NEC) will apply for judging.
- A sheet of operating instructions must be furnished and included in the manila envelope for any exhibit that is not self-explanatory.
- Projects must be operable using only 110 or 120V AC or battery power. If battery power is required, batteries must be furnished.
- Any project with a complexity of size or electronics must have (a) instructions for assembly and use and (b) if it requires special test equipment beyond a screwdriver or multimeter, it should be available at the time of judging for actual testing of the exhibit.
- No hand dipped solder may be used on exhibits.
- If a safety violation is noted by the judges, superintendent, or other staff, the exhibitor’s exhibit, at the judge’s discretion, may receive reduced ribbon placement or disqualification.
- Each exhibit must have a scorecard completed and attached.
- Scorecards can be found at southwind.k-state.edu/fairs/.

CLASSES

ELECTRICAL & ELECTRONICS CLASSES

For rules specific to this project division, please refer to the Kansas State Fair Book: <https://bit.ly/2025StateFair>

- AC Electric Projects
 - Some examples are household wiring demonstrations, small appliance extension cords, trouble lights, indoor/outdoor wiring boards, or shop lights.
 - Projects may be restored or the original construction.
 - The project must be operational and meet minimum safety standards.
 - AC projects must be 110/120 V.

- Projects must be constructed in such a way that the judges have wiring access to examine the quality and safety of the workmanship.
- DC Electrical Projects
 - Projects with a battery or direct current power source.
 - This class includes electric kits or original projects.
 - This class also includes a demonstration of DC-powered projects.
 - Some examples include wiring two- or three-way switches the difference between series/parallel lighting circuits or wiring doorbell switches.
 - All DC electric projects must work with batteries supplied by the 4-H member.
 - Projects must be constructed in such that judges have access to examine the quality of the wiring workmanship.
- Electronic Projects
 - Electronic projects with a battery or direct current power source
 - This class includes electronic kits or original projects.
 - Examples include radios, telephones, toy robots, light meters, security systems, etc.
 - The project may be constructed using a printed circuit board, wire, wrap, or breadboard techniques.
 - Must include an instruction/assembly manual from a kit.
 - Include plans if an original project.
 - Projects must be constructed in a way that the judges have access to examine the quality of the wiring workmanship.
- Newly Built or Repaired Computers
 - This class is for newly built or repaired computers (laptop or PC) and allows 4-H members to demonstrate skills in integrating the various parts of a computer into a single unit.
 - Displays should show either a fully functional computer or show what the individual components do.
 - The display should be free of dust and cabled neatly.
 - Fully functional computers should boot up and do not need to include a monitor, keyboard, or mouse at the State Fair.
- Educational Displays and Exhibits
 - The purpose of the educational displays is to educate the viewer about a specific area of the 4-H electrical or electronics project.
 - The display or exhibit should illustrate one basic idea.
 - This class includes any educational displays, exhibits, or science fair-type projects which DO NOT have a power source, i.e., exhibits, posters, displays of wire types, conduit types, electrical safety, tool or motor parts identification, or electrical terminology.
 - Educational displays and exhibits must be legible from four feet, using a maximum tri-fold size of 3'x4'.

ALTERNATIVE ENERGY CLASSES

(A form of energy derived from a natural source, such as the sun, geothermal, wind, tides or waves) All exhibits in this division are limited in size to standard, tri-fold, display boards (36" X 48") and items may not extend beyond 12" from the back board. All displays must be self-standing.

- Educational Displays
 - Create an exhibit that addresses a focused topic related to power generated from a renewable energy source. The purpose of the exhibit is to inform and create awareness.
- Experiment
 - Display an experiment addressing a problem or question related to power generated from a renewable energy source. Include hypothesis, background research, variables, a control, data, findings, conclusions and recommendations for future study.

ROBOTICS

For full rules, see Kansas State Fair Book <https://bit.ly/2025StateFair>

CLASSES

- A robot made from a commercial (purchased) kit.
- A robot designed and constructed by the exhibitor. The robot must not be a mere modification of an existing robot kit or plan.
- A programmable robot made from a commercial (purchased) kit.
- A robot designed and constructed by the exhibitor or from a commercial kit, that is operated by a remote-controlled device.
- Junk Drawer Robotics
- Team Robotics Project: Robot designed and constructed by two or more 4-H project members. The robot must not be a mere modification of an existing robot kit or plan. The robot may be a programmable type that is made from a commercial (purchased) kit.
- Educational Exhibit (See Indoor 4-H General Rules for Educational Exhibit details)
 - Robotics Educational Display
 - Robotics Educational Notebook
 - Robotics Educational Poster

SMALL ENGINES

All exhibits should involve engines smaller than 20 horsepower for classes 4610-4612. Engine should contain no fuel in tank or carburetor.

RULES

- Each Small Engines exhibit must include a “4-H Small Engines Information” packet with form. The form is available from your local extension office or at <https://engines.engtech4ks.com>. The form should be attached to a 10”x13” manilla envelope. Place exhibit paperwork and/or any pictures inside the manilla envelope. For notebooks, display boards, and posters, no additional exhibit information is required; no manilla envelope is needed for these exhibits.
- Items that have been in use should be cleaned for exhibit.
- A sheet of operating instructions must be included in the packet for any exhibit that is not self-explanatory.
- As exhibitors prepare their exhibits, appropriate PPE (Personal Protection Equipment) is required.
- Cutting surfaces, such as blades, are to have a protective covering over them to prevent injury. The covering should be easily removed and reinstalled for judging. Foam “pool noodles” and multiple layers of cardboard are acceptable.
- If a safety violation is noted by the judges, superintendent, or other staff, the exhibitor’s exhibit, at the judges’ discretion, may receive reduced ribbon placement or disqualification.

CLASSES

- **Display:** Exhibit a display, selecting one of the following options: 1) a display identifying different engine or lawn and garden equipment parts or a display showing the function of the various engine or lawn and garden equipment parts; OR 2) a display identifying and explaining the function(s) of different special tools needed for small engine repair or maintenance; OR 3) a display illustrating and providing the results of any one of experiments that are included in the project books. No complete engines, lawn tractors, tillers, chainsaws are permitted for display in this class. Maximum tri-fold size is 3’ x 4’, items may not extend beyond the 24” from the back of the display board.
- **Maintenance:** Exhibit a display that illustrates either: 1) Routine maintenance procedures OR 2) Diagnosing and troubleshooting specific problems in an engine. No complete engines, lawn tractors, tillers, chainsaws, etc. are permitted for display in this class. Maximum tri-fold or display board size of 3’ x 4’, items may not extend beyond 24” from the back of the display board.

- **Operation:** Exhibit an operable small engine (no more than 20 HP) overhauled or rebuilt by the member. Include maintenance schedule for the engine and a brief description of steps taken by the member overhauling or rebuilding the engine. The engine should not contain fuel in the tank or carburetor. All exhibits in this division must be self-standing.

UNCREWED AIRCRAFT SYSTEMS

For full rules, see Kansas State Fair Book <https://bit.ly/2025State>

CLASSES

- Uncrewed Aircraft System designed and constructed by the exhibitor that is operated by a remote-controlled device.
 - The UAS must not be a mere modification of an existing kit or plan.
 - You may not exhibit a UAS that is purchased off the shelf in this class.
- Practical application of an Uncrewed Aircraft System constructed from a commercial (purchased) kit.
 - This includes the one or more of the following:
 - Video
 - Notebook
 - Poster
 - Display Board
 - etc.
 - This class is separate from educational exhibits.
 - A tangible use would be mapping Russian Olive Trees, eroded soils, bindweeds in fields, etc.
 - There are also many other non-agriculture UAS uses that would be appropriate for this class.
- Educational Exhibit (see Indoor 4-H General Rules Educational Exhibit Details)
 - Educational Poster
 - Educational Display Board
 - Educational Notebook

WOODWORKING

- Read 4-H and FFA General Rules.
- The plan from which the project was constructed must be included with the article exhibited. The plan must be complete and accurate to the extent that a duplicate article could be built using the plan as a guide. Please note, a set of step-by-step instructions are not a plan.
- Projects with missing or insufficient plans will be lowered by one ribbon placing.
- The use of other materials other than wood, screws, nails, and adhesive should be kept to a minimum.
- Projects that have unsecured glass, i.e. glass shelves, the glass top of a coffee table, etc., should not be brought to the fair. Glass that is secured in the project, i.e. the glass front of gun case or cabinet, etc., is permissible since it cannot easily be removed.
- Extra pieces that go with your woodworking project (i.e. bean bags to go with a cornhole set, building blocks to go with a play table, etc.) **SHOULD NOT** be submitted with the project.
- The entry cards and all other paperwork should be secured to the project in some manner.
 - Tape is usually not adequate to accomplish this.
 - The entry card, plans, and all other paperwork should be enclosed in a zip-top plastic bag with a hole punched through it and tied or otherwise secured to the exhibit.
- Projects made from precut kits are not allowed.
- In judging wood articles, consideration will be given to:
 - Workmanship, including the accuracy of the plan.
 - Design
 - Choice of Wood
 - Suitability

- Quality of Finish
- Usefulness
- Firearms and weapons are not to be entered or exhibited at the Kansas State Fair in the Kansas 4-H Youth Development Department.
- Projects with “fractal burning” are NOT ALLOWED in any Kansas State Fair Exhibits in the 4-H Youth Development Department. (Example – electrical burning to make black linework on artwork). This is an agreement with The American Association of Woodturners (AAW).
- During construction of exhibits, PPE (personal protective equipment) is to be worn by those in the workspace.

CLASSES

4-H members may enter any woodworking item of their choice in the appropriate age division class. This allows exhibitors to showcase creativity, craftsmanship, and skills appropriate to their age and experience rather than selecting from specific categories.

- Junior (7-9)
- Intermediate (Ages 9-13)
- Senior Ages (14 and older)

FAMILY & CONSUMER SCIENCE (Including: Family Studies, Fiber Arts, Foods & Nutrition, Health & Wellness, Interior Design & Architecture, Sewing & Textile Design, Shopping In Style)

FAMILY STUDIES

- 4-H exhibitors must be enrolled in the project related to the exhibit.
- Exhibit must include name and club.
- Exhibits will be judged on completeness, quality of work and neatness.
- Exhibit is not Kansas State Fair eligible.

CLASSES

- Educational Display
- Promotional Poster
- Notebook

FIBER ARTS

Judging Date: Tuesday, July 21st at 5:00 pm

- Read the 4-H and FFA General Rules
- Fiber arts is defined as any method of creating a unique design with fiber, fabric, or yarn.
- This may include:
 - Making fabric (such as weaving, crocheting, knitting, or needlepoint)
 - When a fabric is changed into something quite different (such as quilting, embroidery, or ethnic art)
 - Ethnic art should use fiber, yarn, or fabric to create the design exhibit
 - Non-textile (wood, reed, straw, grass, etc) should be entered in the Visual Arts division.
- Identification label should be typed or printed on a 3”x2.5” piece of cloth including the following:
 - Class number
 - County/District
 - Exhibitors name
 - Should be placed with a safety pin on the lower left corner of the flat article
- All articles should be in transparent plastic when entered. If an article needs to be hung, it must have an appropriate hanger, rod, wire, or other mechanism attached to be properly displayed.
- The exhibitor should attach an index card, no larger than 3”x5”, with the entry form, to give the judge any information which the exhibitor thinks would be helpful to the judge.
 - Explain whether you created the fabric for a knitted article by hand or by machine.

- If the exhibit contains any recycled materials or is made up of at least 60% wool, the information should be included on the index card mentioned above.
- When the exhibit is a sewn garment that also includes one or more Fiber Art techniques (i.e. knitting, crochet, needle arts, or patchwork and quilting), the determination of what division (Clothing or Fiber Arts) and class in which to enter will be left with the 4-H participant.
- There are no age-specific classes for fiber arts. However, the age and years in the project will be considered by the judge.
- State Fair Award: The Kansas Sheep & Wool Auxiliary will award \$25 to the exhibitor of the top purple in knitting and crocheting class. The article must be made up of at least 60% wool. Attach a statement to the article indicating the fiber content, and specifically, the material is at least 60% wool and is to be considered for the Wool Award.
- **FIBER ARTS NOTEBOOK**
 - Share with others what you have learned in this project about a particular Fiber Arts.
 - Exhibits should be in the form of a notebook or binder.
 - The notebook should include a narrative section describing the fiber art.
 - It should include a clear description of the project, technique budget, supplies, goals, accomplishments, successes, failures, and future plans.
 - It may include samples of techniques, how-tos, photographs of completed projects, or other ways of educating others about fiber arts.
 - A collection of brochures, web pages, patterns, record book forms, etc. does not constitute an educational notebook. Follow copyright laws as explained in the General Rules as you are preparing your exhibit.
 - The name, local unit, and fiber art covered must be clearly marked in the notebook.

CLASSES

- Crochet – an article including felt items
- Knitting – an article made either by hand or by knitting machine including felt items
- Needle Arts – an article created by hand using the following techniques: embroidery and cross stitch, needlepoint, candle wicking, crewel, lacework, or applique.
- Patchwork or Quilted Article – acceptable techniques include braiding, latch hook, tying, floor cloth, etc. The finished product should be an item that would be used in the home.
- Rug Making
- Spinning – a skein with a minimum of 10 yards in length
- Weaving – A woven article (fiber material only, no wood)
- Ethnic Arts – an article that uses a technique associated with a specific country or culture
- Macrame' – an article
- Fiber Arts Educational Notebook

FOODS AND NUTRITION

Judging Date: Monday, July 20th at 2:00 pm

- Read 4-H and FFA General Rules
- Exhibitors must be in the Food and Nutrition project.
- Exhibitors may exhibit up to four entries in the Nonperishable Class and one in each of the other classes in this division.
- All exhibits require a recipe.
- The source of the recipe must appear on the card.
- The exhibit will be dropped one ribbon place without a recipe.
- For food safety purposes, any entries with frostings and fillings must calculate the amount of sugar in the frosting/filling recipe only. The calculation must be attached to entry, or the placing will be lowered one ribbon when judged. Frosting and fillings need to contain more than 65% sugar for safety. Examples on how to calculate this percentage are included in the publication located at:

<https://bookstore.ksre.ksu.edu/pubs/MF3544.pdf>. A worksheet is available at:
https://bookstore.ksre.ksu.edu/item/frostings-and-fillings-worksheet_4H1171

- For food safety purposes, any food with custard and dairy-based fillings and frostings (ex. Cream cheese regardless of sugar content) raw eggs, flavored oils, “canned” bread, cakes in a jar, cut fresh fruit, any food requiring refrigeration (ex. Bacon), or unbaked exhibit with raw flour (ex. No bake cookies) will be disqualified and not judged.
- Alcohol (ex. Beer, wine, and hard liquor) is not allowed as an ingredient in food entries. Entries with alcohol in the recipe will be disqualified and will not be judged.
- All baked goods must be left whole and uncut.
- Small items such as cookies and rolls should be the same shape and from the same recipe. Exhibit three cookies, three muffins, three breadsticks, one loaf of bread, etc.
- Under-baked entries will be lowered by one or more ribbon placings.
- All unfrosted cakes should be exhibited in an upright position with the crust showing. The exception is for cakes made with special designs (ex. Bundt cake). They should have the crust top side down.
- Any baked product that can be removed from the pan should be placed on a plate, covered cardboard, or disposable container of appropriate size for the exhibit.
- Exhibits should be in food-grade plastic bags, disposable plastic containers, or boxes of appropriate size for the exhibit.
- Only the exhibit is judged, the container is not judged.
- Attach carefully the entry form and recipe to the outside of the wrapped exhibit.
- Do not wrap the forms in plastic.
- **Educational Exhibit details see Indoor 4-H General Guidelines**

FOOD GIFT BASKET

- Must contain at least three different **non-perishable** food items prepared for human consumption and made by the 4-H member, in a suitable container.
- Additional homemade food items beyond the 3 **non-perishable** minimum or purchased items may also be included in the gift basket.
- Home canned foods must follow Food Preservation rules. Canning jars should not be used for baking per manufacturer’s instructions. They could break during baking.
- Maximum size of 18”x18”x18”.
- Prepared food items must have recipes attached to the entry.
- No alcoholic beverages will be accepted.
- On the back of the entry card, answer the following questions:
 - What is the intended use?
 - What food safety precautions were taken during and after preparations?
- **Any brand name products in the basket must have the labels covered.** Do not cellophane wrap your basket. All items in the gift basket must be non-perishable and if they have frosting or glaze, you must include the sugar percentage worksheet.
- This entry will count as a nonperishable food product for the state fair.
- Food Gift Packages and/or Specialty food Products must be on display throughout the county fair.

RECIPE COLLECTION

- A collection of your favorite recipes in a recipe box or notebook.
- Include your name on each recipe card, as well as the current year.
- Your name, club, address, county/district, and class name must be marked clearly on all exhibits.

EDUCATIONAL EXHIBITS

- See **Indoor 4-H General Rules Educational Exhibit**
- Exhibits can be in the form of a poster, notebook, or display.
- Follow copyright laws as explained in the general rules as you prepare your exhibit.
- Take care to select materials that will withstand Fair conditions.
- No card table displays are allowed.

- If the exhibit is a poster, it must not be larger than 22x28”.
- Displays are not to exceed a standard commercial 3x4’ tri-fold display board.
- Name and county/district must be clearly marked on educational exhibits.
- A collection of your favorite recipes in a recipe box or notebook does not constitute an educational exhibit.

FAVORITE FOODS SHOW

The Favorite Foods Show was developed to help 4-H members learn valuable skills in table setting, planning a menu, and food preparation.

It is important for participants to identify a theme, a menu that compliments the theme, and a favorite food item from the menu selected. This can truly be anything. The item could be a snack, dessert, soup, salad, drink, side, or an entrée.

Prior to Foods judging, please do the following:

- *Practice preparing your favorite food
- *Practice serving your favorite food
- *Understand the nutritional value of your favorite food and if there is a way to make it healthier
- *Select the table service and dishes
- *Practice setting up your table to be attractive and proper for your favorite food. This can be formal or informal (paper plates are acceptable as long as the setting is informal).

Items needed for the Favorite Food Show:

- *Card table (we will not provide them)
- *Proper table setting for one (the judge)
- *Menu
- *Recipe card for favorite food
- *Sample of your favorite food for one to be on display (judge will not sample due to the potential of safety concerns)
- *Anything else you might need

This event is a conference style judging, so it is important for participants to be knowledgeable about each aspect of the display. Participation in this event helps youth learn valuable skills they can use for a lifetime with menu planning and table setting.

CLASSES

- Non-Perishable
- Educational Exhibit
- Food Gift Basket
- Recipe Collection (not eligible for State Fair)
- Food Flop (not eligible for state fair)
- Decorated Food Item (not eligible for state fair)
- Favorite Foods Show

FOOD PRESERVATION

Judging Date: Monday, July 20th at 2:00 pm

- Read 4-H and FFA General Rules
- Exhibitors must be enrolled in the Food and Nutrition Project
- Exhibitors may exhibit one entry per class
- All exhibits must have been preserved during the current 4-H year
- Recipes must be from current, tested resources listed below AND MUST BE ADJUSTED FOR ELEVATION based on your canning location, or they will be disqualified. Processing methods that will be disqualified include:
 - Open kettle canning
 - Oven canning
 - Sun canning
 - Using electric multi-cookers
 - Untested recipes
- If using the Presto Precise Digital Pressure Canner, please indicate the appliance is used for either water bath or pressure canning.

- Untested recipes will be disqualified for food safety reasons. Recipes and processing methods from the sources below are recommended:
 - K-State Research and Extension or other University Food Preservations publications
 - USDA Complete Guide to Home Canning ©2015
 - So Easy to Preserve, 6" edition, The University of Georgia Cooperative Extension Services
 - Ball Blue Book Guide to Preserving, edition 38
 - Ball Book of Canning and Preserving, ©2024
 - All new Ball Book of Canning and Preserving
 - Canning Mixes (ex. Mrs. Wages, Ball)
 - Pectin manufacturers (ex. SureJell, Ball)
 - [KSRE Rapid Response Center Recipes](#)
 - [National Center for Home Food Preservation](#)
 - [Ball™](#)
- Alcohol is not allowed as an ingredient in food preservation entries. Entries with alcohol will be disqualified and not be judged.
- There are no safe recommendations to can white peaches or elderberries.
- Each exhibit must have a complete recipe and instructions attached to the entry card or it will be disqualified.
- The recipe must include:
 - Exhibitor name
 - Recipe source
 - Date of publication
 - Elevation
 - Where food was processed
 - If using Mrs. Wages/Ball mixes, include the date the mix was purchased.
- Exhibits must heat processed in clean, clear standard canning jars with matching brand (use Ball lids on Ball jars) and two-piece lids. This includes fermented foods. Do not use colored jars, fancy padded lids, fabric over wraps, or cozies as they interfere with the judging process. Do not reuse jars from commercial foods products (ex: Spaghetti sauce jars).
- No fancy packs unless the recipe says to do so (ex. pickled asparagus).
- Jars must be sealed when entered.
- For food safety reasons, the size of jars must not be larger than the jar size stated in the recipe.
 - Note: There are 12-ounce, 24-ounce, and 28-ounce jars available and may be used. Use pint jar recommendations for 12-ounce jars and quart recommendations for 24 and 28-ounce jars.
- Each jar exhibited must be labeled.
- The label must not cover the brand of the jar.
 - The label must give the class number, product, Elevation where processed, canning method (water bath, weighted gauge, or dial gauge pressure method), process time, pressure, date processed (month and year), name, and county/district.
- Only one jar per entry for classes in Food Preservation.
- The recommended method of preserving must be kept.
- Pickles and sweet spreads must be water bathed.
- Low-acid products must be pressure canned.
- Open-kettle processed food and microwaved oven-canned foods will not be accepted.
- Sweet spreads must be in ½ pint or pint jars and all other products must be in pint or quart jars.
- Hole punch the entry card and attach the entry card around the top of the jar.
- If dried food product is not in a canning jar, it will be lowered one ribbon rating.
- Suggested amount: 1/3 – ½ cup, or three or four pieces per exhibit. Dried products must include the recipe, preparation steps and heating instructions.

- All meat jerky must be heated to an internal temperature of 160 degrees F before or after drying. This is not the drying temperature! Jerky not heated to an internal temperature of 160 degrees F will be disqualified and not be judged. Heating information can be found in “Dry Meat Safely at Home.”
- Each jar label should have the following:
 - Class number
 - Product
 - Name of exhibitor
 - Address
 - Club
 - Canning method
 - Processing time
 - Amount of pressure
- These labels should be placed one inch from the base of the plain face of the jar.
- All preserved food will be kept for display.

CLASSES

- Sweet Spreads (Fruit and/or Vegetables), Syrups, one jar
- Fruits, Juices, Fruit mixtures (Salsa, Pie filling, etc.), one jar
- Low-Acid Vegetables (Green beans, corn, or vegetable mixtures, etc.), one jar
- Pickles (Fruit or Vegetables), Fermented Foods, Relishes, and Chutney, one jar
- Tomato/Tomato Products (Tomato Juice and Tomato Salsas), one jar
- Canned Meats, one jar
- Any Dried Food, one small jar

HEALTH AND WELLNESS

- 4-H members must be enrolled in the project related to the exhibit.
- Exhibit must include name and club.
- Exhibits will be judged on completeness, quality of work and neatness.
- Exhibit is not Kansas State Fair eligible.

CLASSES

- Educational Display
- Promotional Poster (must be ready to hang from a hook)
- Notebook

INTERIOR DESIGN & ARCHITECTURE

- Read 4-H & FFA General Rules
- An entry card must be attached to the exhibit with material appropriate to the exhibit: safety pins, tape, string, etc.
- Projects with missing or insufficient summary will be lowered one ribbon placing.
- A member may enter only one class in this division.
- This project is currently in its pilot year and all exhibit categories are new. Please see the Kansas State Fair Book for details and specific class rules: <https://bit.ly/2025StateFair>

CLASSES

- Room Design Board
- Two Collages on Design Board
- Two Diorama Models
- Marble Maze or Enclosure
- Marble Maze Presentation Board Only

SEWING & TEXTILE DESIGN

Judging Date: Tuesday, July 21nd at 5:00 pm

- Pre-cut kits are acceptable in all clothing classes.
- The garment should be carefully cleaned and pressed before being exhibited. Since care labels are not always available, no care label will be required, however, the 4-H member should know the fiber content and care instructions for the material purchased.
- Labels are to be on each piece.
 - Labels can be typed or printed on a 3"x2" piece of cloth.
 - Labels must include name, class name, and county/district name.
 - Sew or Safety Pin labels (no straight pins may be used to attach these items) on the inside (center back of waistband, back of neck, or left end of apron band) of the garment
 - Please use a string to tie together the hangers of exhibits that require more than one hanger. Examples: Dress and Jacket, Top and Skirt.
- Exhibits must be on display at the fair.
- Exhibitors in the Shopping In Style classes MUST choose one outfit to wear at the Public Style Revue. Participation is required or all premiums and awards are forfeited.

RECYCLED CLOTHING PROJECT

- Remaking/resigning a garment made of at least 50% recycled material.
- Must be sewn
- A 3"x5" index card must accompany the entry describing the recycled material and how they were used in the item.
- A "before" picture is required of the garment or item for judging. It should be attached to the judging form.

EDUCATIONAL EXHIBIT

- Share with the others what you have learned
- See Indoor 4-H General Rules for Educational Exhibit Details

CONSTRUCTION STYLE REVUE

- The majority of the outfit must be constructed by the 4-H member enrolled in the project.
- Everything which is commonly considered outer garments (vest, jacket, skirt, pants, coat, etc.) must be constructed.
- A sweater, shirt, or blouse can be either purchased or made.
- The contestants will be judged on the complete ensemble, accessories, posture, etc.
- **Please place paper work in a clear binder sheet.**

CLASSES

- Articles, Garments, or Outfits Constructed by the Exhibitor
- Educational Exhibit
- Recycled Clothing, all ages

SHOPPING IN STYLE

- Purchase one outfit or part of an outfit (**limited to 3 total**) that fits into your clothing plan and be prepared to answer questions by the judges regarding cost, care, budget, wardrobe plan, etc.
- All entries must complete paperwork or scorecards specific to the class. **Please place paper work in a clear binder sheet.**

EDUCATIONAL EXHIBIT

Posters can be flat poster board or foam board, no larger than 22" x 28." Tri-fold educational displays must be free standing and no larger than 36" x 48." Photos of 4-H member in purchased outfit must demonstrate criteria as outlined on scoresheet. Consider multiple angles, good light and highlight details so that the judge may accurately evaluate the exhibit. Exhibits should include actual photos of 4-H member in garments, and may also include pictures from magazines or the internet

- A. Poster (must be ready to hang from a hook)
- B. Educational Display

FASHION REVUE JUNIOR (7-9)

Choose one of the following activities from Unit 1 or Unit 2 of the curriculum project manuals. Exhibit should consist of poster that showcases:

- A. a garment you purchased that reflects your personal style and explains how this garment reflects your style and how it influences what others think of you; **OR**
- B. a garment you purchased and explains how your personal style either aligns or contradicts what is considered to be “in style” today. **OR**
- C. a garment you purchased and explains or illustrates how this garment is a modern version of a fad or fashion from an earlier decade; **OR**
- D. a garment you purchased and explains how this garment reflects a different ethnic or cultural influence; **OR**
- E. a garment you purchased and includes a color discussion that provides an overview of how different colors complement different hair colors and skin tones and how that influenced garment selection.

FASHION REVUE INTERMEDIATE (10-13)

Choose one of the following activities from Unit 3 or Unit 4 of the curriculum project manuals. Exhibit should consist of a display that showcases:

- A. an outfit you purchased to wear with a clothing item that was already in your wardrobe that still fit but you didn’t wear anymore. Explains why the clothing item was not being worn and what you did to transform it into a wearable garment again. **OR**
- B. a top and bottom that you purchased, as well as at least three pieces of clothing in your existing wardrobe that you can mix and match with the new items to create multiple outfits. Includes a clothing inventory and explain what you have learned by completing this activity. **OR**
- C. an outfit you purchased and explain why you selected the garment you did, your shopping budget, and cost per wear; **OR**
- D. an outfit you purchased and explain how advertising influences clothing purchases making a distinction between wants and needs. Include your shopping budget and cost per wear. **OR**
- E. an outfit you purchased along with a cost comparison between garments/accessories purchased vs. sewing/constructing the outfit. Comparison should include variety of shopping options and/or price tracking at stores over a period of time.

FASHION REVUE SENIOR (14-18)

Choose one of the following activities from Unit 5 or Unit 6 of the curriculum project manuals. Exhibit should consist of a display that showcases:

- A. an outfit you purchased and care requirements not only for this garment but also for garments made of other natural and synthetic fibers. Display should also include a care cost analysis for garments of different fibers; **OR**
- B. an outfit you purchased which you have repaired or altered. Include a clothing inventory list which includes cost savings for repaired items as compared to purchasing replacement garments; **OR**
- C. an outfit you purchased along with plans and commentary for a fashion show that that would capture the attention of an audience. Plans should identify target audience, venue, theme, budget, and logistical plan for the fashion show; **OR**
- D. an outfit you purchased and explain 3 methods of clothing repair that you have learned, i.e. torn seam, torn hem, replacing a button, etc. Display should also include photos and list of your assembled clothing first aid kit. Include itemized expenses; **OR**
- E. An outfit you purchased, and feature any other completed activity from the Shopping In Style curriculum of your choosing that isn’t listed above.

COUNTY ONLY BUYING POWER CLASS

- Member selects ONE purchased garment and creates a notebook to bring to judging. The following should be included:
 - A title page and a short story of challenges, experiences, what you learned, etc.

- Show, in pictures, how many ways you can make the base garment look different and increase the number of places it can be worn. Each picture should have a brief description of the outfit created around the chosen garment.
- Provide a breakdown of the base garment and anything NEWLY purchased that you can put with this garment.

LEADERSHIP & PERSONAL DEVELOPMENT (Including: Civic Engagement, Leadership, Reading Adventures, Self-Determined)

- **Educational Exhibit Rules :**

- For notebooks, display boards, and posters, no additional exhibit information is required; no manila envelope is needed for these exhibits.
- Posters must be ready to hang from a hook
- Exhibits are to have a **clear link to a project within each project category (i.e. Communications & Expressive Arts, Engineering and Technology, Family and Consumer Science, Leadership & Personal Development, Natural Resources, and Plant Science)** Just because an educational exhibit relates to the broad concept of the category does not qualify it to be displayed. Exhibits that do not clearly show a clear and direct relationship to the project will be disqualified.
- Exhibits in posters, notebooks and display boards must contain substantial supporting educational materials.
- Educational display boards, posters and notebooks should be creative and showcase details about the knowledge learned in the project during the current 4-H year. Value is placed on youth who can demonstrate how their skills have increased while completing the project. Each exhibit will be judged on uniqueness, creativity, neatness, accuracy of material, knowledge gained, and content. For example, a rocket that may have crashed and/or is highly damaged may be made into an educational display or poster that tells a great story with many lessons learned.
- Follow copyright laws, citing all sources of information in a standard notation Sources of information must be cited on the front of your exhibit, including all posters and educational display boards.
- Educational displays are not to exceed a standard commercial 3' x 4' tri-fold display board. No card table exhibits will be allowed. Care should be taken to use durable materials that will withstand Fair conditions.
- "Construction Kits" that are part of Educational displays must be contained in cases (tackle boxes, sealable containers, etc.) that may not be larger than 1' x 2' x 2' and must have a latch which securely keeps all components contained in the "Construction Kits". Other components are to adhere to appropriate dimensions as stated elsewhere.
- Educational Project Notebooks must be organized in a 3-ring binder.
- Any three-dimensional poster or display board exhibits may not be thicker than 2 inches.
- Engines and igniters for rockets ARE NOT permitted with the exhibit and constitute an immediate disqualification. This is for safety reasons and includes both spent and live engines.
- Exhibitor's name, Extension Unit, age, and year(s) in project must be tagged or labeled in a prominent location on the notebook, and/or "Construction Kit." For education displays and/or posters the exhibitor's name, county, or district, age, and year(s) in project must be tagged or labeled on the back of the exhibit. Exhibit cards are not sufficient as they may be removed or repositioned for display. Failure to label an exhibit may result in one ribbon placing deduction.
- Exhibits should possess the following qualities (in no particular order):
 - a. A Central theme
 - b. What you want others to learn
 - c. Be designed and constructed in a manner befitting the exhibit
 - d. Be something you are interested in
 - e. Be related to the identified project in each category theme

- If a safety violation is noted by the judges, superintendent, or other staff, the exhibitor's exhibit, at the judge's discretion, will receive a participation ribbon.

CIVIC ENGAGEMENT

4-H exhibitors must be enrolled in the project related to the exhibit.

- Exhibit must include name and club.
- Exhibits will be judged on completeness, quality of work and neatness.
- Exhibit is not Kansas State Fair eligible.

CLASSES

- Educational Display
- Promotional Poster
- Notebook

LEADERSHIP

- 4-H exhibitors must be enrolled in the project related to the exhibit.
- Exhibit must include name and club.
- Exhibits will be judged on completeness, quality of work and neatness.
- Exhibit is not Kansas State Fair eligible.

CLASSES

- Educational Display
- Promotional Poster (must be ready to hang)
- Notebook

READING ADVENTURES

- 4-H exhibitors must be enrolled in the project related to the exhibit.
- Exhibit must include name and club.
- Exhibits will be judged on completeness, quality of work and neatness.
- Exhibit is not Kansas State Fair eligible.

GEOLOGY

Judging Date: Thursday, July 23rd, at 1:00 pm

- Read 4-H and FFA general rules.
- The exhibit boxes outside dimensions should be 18" x 24" x 3½"
- Plexiglass covers are required.
- Boxes with glass covers will not be accepted.
- If a box has a sliding plexiglass cover, it must be removable from the box.
- Screws, locks, or other devices that would prevent judges from removing the cover should not be used.
- All specimens are to be arranged across the narrow (18") dimension of the exhibit box, making the exhibit exactly 18" across the top and 24" long exactly.
- Each exhibitor is required to identify each display box by placing an identification label bearing their whole name or first initial with last name, county, and number of species in the upper left-hand corner of the plexiglass cover and by attaching a label with the same information on the lower right-hand corner of the box (outside).
- Exhibitors may enter both geology and lapidary classes.
- Exhibitors may only show in one of the first four geology classes.
- Exhibitors may show in the Special Exhibit Class, Mineralogy, and one or more of the lapidary classes.
- Specimens should be labeled with the number of the specimen, date collected, specimen name or description, and locality (county) where collected. Rocks must be identified by their proper name and type. Fossils must be identified to the Phylum, Class, and Genus levels (if possible, or part if Genus cannot be determined).
- All specimens must be collected (not purchased) in the state of Kansas. New specimens must be collected during the current 4-H year, which will be allowed starting on the day after the conclusion of the State Fair. The exception of Tri-State Mining Area specimens collected from these three adjacent counties: Ottawa County, OK; Newton and Jasper Counties, MO. Other out-of-state specimens will not count in the minimum number for the class, nor will they be considered in the judging.
- For the first four geology classes, specimens should be mounted in the box by the proper rock groups – rock, minerals, and fossils.
- The Genus specimen name is, to begin with, a capital letter and the whole specimen's name must either be italicized or underlined, not both.
- The species name is not required however, if a species name is used it must be all lower case and either italicized or underlined, not both.
- The words "Phylum, Class, Genus" on labels are to be spelled out, not abbreviated.
- In the first four geology classes, all specimens must be collected from locations in Kansas.
- Out of State specimens will not count in the minimum number for the class, nor will they be considered in the judging.

- As outlined in the General Rules, Exhibits at the Fair are entered and displayed at the risk of the exhibitor. For projects displayed in box-style exhibits—such as Entomology or Geology—that must be opened for judging, exhibitors may choose to include a closure mechanism on the box. While closures are not required, their use will not result in a ribbon deduction. Acceptable options include Velcro strips or hook-style fasteners. Closures should not interfere with the box’s ability to be displayed on a shelf and must not be lockable.
- This category has simplified rules. Before selecting a class, make sure to read Kansas State Fair rules and Guidelines for each category. <https://bit.ly/2025StateFair>

CLASSES

- Display a box of 15 different rocks, minerals, or fossils collected during the current year.
 - Only those exhibiting at the county fair for the first time may enter this class.
- Display a box of 30 different rocks, minerals, or fossils, with at least five in each category.
 - 15 must be collected during the current 4-H year.
- Display a box of 45 rocks, minerals, and fossils, with at least five of each category.
 - 15 must be collected during the current 4-H year.
 - Identify the rocks as igneous, metamorphic or sedimentary.
 - These rock types must have labels or a legible key.
- Display 60 rocks, minerals, or fossils, at least five in each category.
 - 15 must be collected during the current 4-H year.
 - Identify the rocks as igneous, metamorphic or sedimentary.
 - These rock types must have labels or a legible key.
- **Paleontology:** Display a minimum of 15 fossil specimens collected by the participant in Kansas, with at least 5 of them having been collected during the current 4-H year.
 - The fossils are to be grouped by Phylum and Class, and at least three phyla must be represented (Brachiopoda, Chordata, Mollusca, etc.).
 - The member must use one standard box.
 - The specimens should be labeled with:
 - Number of specimens
 - Date collected
 - County where collected
 - Formation
 - Member
 - Source
 - Phylum
 - Class
 - Pens or part
 - See the fifth bullet point, above under the bold heading, for additional information on labeling.
- **Geology Educational Exhibit**
 - Exhibit relating to everyday living, a mineral test, a rock formation, geological history, species of fossil, forms of one mineral, a variation of one kind of rock, archaeological facts, or Native American artifacts.
 - Digital formats are acceptable.
 - Please plan for the judge to view your exhibit and have a hard copy for the display.
 - Exhibit limited to 4 feet of table space.
 - List your sources used (Example: Web Addresses or Books reviewed as a citation list)
 - Care should be taken to use durable materials that can withstand fair conditions.

- Mineralogy
 - Display a minimum of 15 mineral specimens collected in Kansas, with at least five of them being collected during the current 4-H year.
 - The minerals are to be grouped by mineral class (i.e., Carbonates, Oxides, Silicates) and at least three classes must be represented.
 - Members must use one standard display box.
 - The specimens must be labeled with:
 - Number of Specimens
 - Date collected
 - Name of specimen
 - County in which it was collected
 - Chemical composition, if known.
- Petrology
 - Display a minimum of 15 rock specimens collected in Kansas, at least 5 of which have been collected during the current 4-H year.
 - Rocks are to be grouped by the 3 rock classes (Sedimentary, Igneous, and Metamorphic). You must display at least one specimen from each of the three classes.
 - The specimens must fit in one standard display box.
 - Specimen labels must include a specimen number, the date collected, name of specimen, and the county where collected.
 - All rocks must be identified by the formation and member name (Examples: Fort Hays Limestone, Member of the Niobrara Chalk Formation) or source (Examples: Rocky Mountain Outwash, glacial till).

LAPIDARY CLASSES

The dimensions of the box should be appropriate for the display but outside dimensions should not exceed 18" x 24" x 3½". The work (polishing/tumbling) must be done by the exhibitor as this is part of the learning process.

All lapidary specimens should be labeled with the following information:

- Specimen name
- Place of origin (country, state, or county; county required for all Kansas specimens.)
- Purchased or self-collected
- Date lapidary treatment began
- Date lapidary treatment completed
 - Treatment completed after the state fair is considered a new-year specimen
- Lapidary 1
 - Display at least five varieties of polished (tumbled) specimens and five varieties of unpolished specimens that have not yet received lapidary treatment.
 - These do not have to be an example of "before and after", nor do they have to be self-collected.
 - Locals must be identified.
 - Only those exhibiting lapidaries for the first time may exhibit in this class.
- Lapidary 2
 - Display before and after examples of at least three varieties of specimens at least two tumble polished and two unpolished of each.
 - There is no requirement that the 4-H member collects any of these.
 - Locals must be identified.
 - Lapidary work should be done during the current year.
- Lapidary 3
 - Display before and after of at least six varieties of specimens, at least two tumble polished and unpolished of each.
 - At least two varieties should be collected from the native site by the 4-H member, with at least one coming from Kansas.

- Locals must be identified.
- Lapidary work on at least three varieties should be done during the current year.
- Lapidary 4
 - Display before and after examples of at least nine varieties of specimens, at least two tumble polished and two unpolished of each.
 - Lapidary work on at least three varieties should be done during the current year.
- Lapidary 5
 - At least six specimens that have not been previously exhibited, which have received lapidary treatment.
 - Lapidary treatment may consist of polishing and end, face, or flat lapping.
 - Specimens must represent three different varieties and include at least three cabochons of any size or shape, only which may be free-formed.
 - A cabochon is a style of cutting in which the top of the stone forms a domed or curved convex surface.
 - Three of the specimens must be mounted into jewelry findings.
 - Special lapidary exhibits should be entered into class 1994.
 - Each member is limited to one entry in this class.

SHOOTING SPORTS

- Read 4-H and FFA General Rules.
- Exhibits in this division are open to educational displays, promotional posters, or experiential displays. Follow copyright laws as explained in the General Rules as you are preparing your exhibit. Take care to select durable materials to withstand State Fair conditions.
- **National Minimum Standards and Best Practices**
<https://4-hshootingsports.org/wp-content/uploads/2024/01/12.13.23-Minimum-Standards-Update.pdf>
MUST be followed as well as Kansas 4-H Shooting Sports Handbook
https://bookstore.ksre.ksu.edu/pubs/kansas-4-h-shooting-sports-handbook_4H1101.pdf.
Exhibits outside these standards will be disqualified.
- The exhibit size rule will be strictly enforced. Exhibits exceeding the size-guidelines will be disqualified. The maximum exhibit size for all exhibits in this division is 4'x6'. Larger exhibits will be turned away.
- Educational Display: must be the standard tri-fold board ONLY, must not exceed standard tri-fold: 3'x4' unless there is a topper that sits on top of the board and does not take up additional table space; no additional table space available for promotional brochures or display items; content not to exceed display board borders.
- Promotional Posters: must be flat and no larger than 22"x30"; content not to exceed display board borders. Exhibits may be displayed on wall.
- Notebooks: no larger than 8 ½" x 11".
- Exhibitors must comply with state and federal laws and Kansas State Fair Management Policies.
- No "live" ammunition containing propellant or explosive powders may be used in any display.
- An inert substitution must be clearly described on the back of the poster, display board, or notebook.
- Please remember the Kansas State Fair nor the Department of 4-H Youth Development is liable for loss or damage to any personal property included as part of your poster, display, or notebook.
- The name, county or district, age, and year in the project should be on the front of the poster, display, or notebook unless special arrangements are made because of declination of publicity release.
- Exhibits will only be accepted from Extension Units with 4-H Certified Shooting Sports Programs and enrolled 4-H youth in the specific Shooting Sports Project, and must follow National and State policies, minimum standards, and best practices.
- Exhibits will not be accepted if they are related to reloads.

EDUCATIONAL/PROMOTIONAL CLASSES

- Educational Displays – Directly related to the 4-H Shooting Sports Project
- Promotional Poster – Must promote 4-H Shooting Sports and needs to be ready to hang
- Notebook – Contents pertain to some phase, results, story, or information about 4-H Shooting Sports

EXPERIENTIAL CLASSES

- **Shooting Aid or Accessory** - Any item the 4-H member makes which helps the shooter/hunter better perform their sport, examples: rifle sling, kneeling roll, arm guard, shotgun vest, target boxes, shooting stick, etc. Include your design, or plans you adapted, what the item is and used for.
- **Storage Case** - Any item the 4-H member makes with the purpose to safely hold a firearm, bow, ammunition, and/or arrows. Examples: soft sided shotgun case, quivers, firearm safe, include your design, or plans you adapted. Explain how the storage case is used.
- **Practice Game or Activity** - Invent or adapt an activity to practice or teach a project skill. Include pictures of youth playing the game, testimonials of 4-H members who played the game, what skill is being worked on, and directions for the game. Explain how you came up with the game or adapted it to fit the needs of your group members.

WILDLIFE

- A member may only make one entry in this division.
- Exhibitors must comply with state and federal laws.
- It is illegal to possess threatened or endangered wildlife, feathers, nests, or eggs of non-game birds.
- Game birds and game animals taken legally during an open season may be used.
- The use of live wild animals in educational exhibits is prohibited.
- Wildlife exhibits that reflect harvesting of wildlife must follow National Minimum Standards and Best Practices
<https://4-hshootingsports.org/wp-content/uploads/2024/01/12.13.23-Minimum-Standards-Update.pdf>
and Kansas 4-H Shooting Sports Handbook
https://bookstore.ksre.ksu.edu/pubs/kansas-4-h-shooting-sports-handbook_4H1101.pdf and Kansas Fish and Game laws. Exhibits outside these standards will be disqualified.-
- KSRE, 4-H Youth Development, and the Kansas State Fair are not responsible for damage during the exhibition period.
- Name, county or district, age, and years in the project should be in a prominent location on the exhibit.

EDUCATIONAL EXHIBIT CLASSES

- **Notebook**
Contents pertain to some phase, results, story or information about the wildlife project.
- **Promotional Poster**
Must be related to something learned in the wildlife project. (Flat poster board or foam board no larger than 22" x 30"). Must be ready to hang
- **Educational Display**
Must be directly related to the wildlife project. Maximum tri-fold size is 3' x 4'.

EXPERIENTIAL/OTHER CLASSES

- **Fish Harvesting Equipment** - Board exhibit. Display of equipment used in fish harvesting. Examples: fishing knots, hooks (with corks over ends for safety), lures. Label all items displayed. Include in your exhibit the following information: the purpose of each item, when or where each item is used.
- **Build a Fishing Rod** - A fishing rod educational exhibit may not exceed 96 inches in length. Exhibit must be mounted on a board. Include with the exhibit: Explanation of cost of materials/components and how many number of hours required for construction. Label all parts. Necessary components which must be included are grip, line guides (based on manufacturers specifications), guide wraps, and hook keeper. Reel seat needs to be

aligned with guides, and guides aligned accurately down rod. Guide wraps of size A to D, nylon or silk thread. Exhibit will be judged on: workmanship, labeling of parts, information, and neatness.

- **Casting Target** - Make a casting target for exhibit and use. Target must be under 48" x 48". The bullseyes must be 2 feet, outer band must be 1 foot in diameter and can have up to 3 rings. The exhibit must be easy to store, durable, and weather resistant. Include the purpose and rules of using your casting target.
- **Wildlife Harvesting Equipment** - Board Exhibit. Display of equipment used in harvesting wildlife. Examples: expended ammunition casings (no live ammunition permitted), steel traps, hide stretchers, fleshers, etc. For displays of shotguns, rifles, or bows, use drawings or pictures. Label all items displayed: the purpose of each item, when or where it is used and personal experiences with the item.
- **Inventing Wildlife/Fish Harvesting Equipment, Aid or Accessory** - Use engineering principles to invent or adapt equipment that helps you harvest fish or wildlife. This could include wildlife calls, adapted fishing pole for shallow water, a blind, decoys, etc. Share your drawing (or adapted plans), how the equipment works, how you tested it, and the results of testing your prototype, and any adjustments you made.
- **Tanned Hides** - Exhibit of a wild animal hide properly processed by the member. If not mounted, must be in a clear clothing bag with hanger. al field experiences, study, OR observations that relate to the exhibit.
- **Taxidermy** - (SF172) - Any legal fish, bird, or other wild animal properly processed by the member. No requirement as to mounting. Include the animal's name and the following: information about the exhibitor's personal field experiences, study, OR observations that relate to the exhibit.
 - Taxidermy: The exhibitor is responsible for following all laws, rules, and regulations, and when licenses, tags, etc. are required, to include those and/or the information required with the exhibit.
https://ksoutdoors.gov/Hunting/Hunting_Regulations/Furbearers
- **Wildlife Tracks** - Board or diorama-type box exhibit. Make a display of animal tracks using plaster-of-paris casts. There are 3 options. For all options, include a brief description of your experiences in making the tracks so the judges better understand what you did and learned. Positive casts (impressions as they would be in nature) are preferred. - Option 1 should show plaster-of-paris tracks of five or more kinds of wildlife along with a picture or illustration of each kind of animal. (OR) - Option 2 should show two or more plaster-of-paris tracks of one specific kind of wildlife and should include a picture or illustration of the animal, what the animal may eat, and what may eat the animal. (OR) - Option 3 should show two tracks and include the animal's habitat needs including preferred food, shelter, water, and space in addition to picture or illustration of the animal.
- **Wildlife Knowledge Check** - Use electrical circuits, pictures, or other methods of teaching wildlife identification or other wildlife conservation or shooting sports related knowledge. Plan size and shape to fit transportation and display; maximum size 24 x 24 inches.
- **Houses** - Make a house for wildlife. Examples: bird house (bluebird, purple martin, wood duck, kestrel, barn owl, etc.) or bat house; no insect houses. Make the house functional so that dimensions, hole size etc. are appropriate to fit the intended species' needs. Include the following information: 1) the kinds of animal(s) for which the house is intended, 2) where and how the house should be located for best use, 3) any seasonal maintenance needed, and 4) any evidence of your personal observations from experiences.
- **Feeders/Waterers** - Make a bird bath or feeder. Examples: seed, suet, or nectar feeders. Squirrel feeder okay; **no insect feeders**. Include the following information: 1) the kinds of animal(s) for which the water/feeder is intended, 2) where are how the water/feeder should be located for best use, 3) any seasonal maintenance needed, and 4) any evidence of your personal observations or experiences.

PLANT SCIENCE (Including: Agronomy, Entomology, Forestry, Horticulture & Landscape Design)

AGRONOMY

Judging Date: Thursday, July 23rd following open class judging

- Read 4-H and FFA General Rules
- Exhibits must be in place between 8:00-10:00 a.m. on Thursday, July 25th.
- Exhibits are to be grown by the club members during 2024-2025.

- All classes calling for a gallon sample may have a 2½-3" diameter cylinder placed in the glass gallon container to reduce the amount of grain to about three quarts.
- Attach entry cards with a rubber band around the neck of the jar.
- **Every entry must be identified by a hybrid or variety name.**
- Hay samples should be approximately 15"x12"x6". Maximum thickness of 6' and minimum of 5'. Hay samples should be tied with a "T". Wrap the twine horizontally around the hay and tie, then wrap vertically and tie like a gift package.

WHEAT – ONE-GALLON SAMPLE

- Soft Red Winter Wheat
- Hard Red Winter Wheat
- Hard White Wheat

CORN – TEN EAR EXHIBIT

- Yellow Corn, variety or hybrid must be named
- White Corn, variety or hybrid must be named

CORN – ONE GALLON EXHIBIT

- Yellow Corn, variety or hybrid must be named
- White Corn, variety or hybrid must be named

SORGHUM

- Hybrid Grain Sorghum, 10 head exhibit
- Hybrid Forage Sorghum, 5" bundle, tied, exhibit to consist of an entire plant but no roots, variety or hybrid must be named
- Other Forage Sorghum, 5" bundle, tied exhibit to consist of the entire plant but no roots, variety or hybrid must be named

SUNFLOWERS

- Confectionary Heads, three heads
- Confectionary Seeds, one gallon jar
- Oil Seed Heads, three heads
- Oil Seeds, one gallon jar

HAY CROPS

- Alfalfa Hay, exhibit to consist of one flake or rectangular bale, or a 10" section cut from a round bale; the flake or slice should be approximately 6" thick and tied in two directions.
- Native Grass Hay, the exhibit should consist of a 10" flake or slice and be tied in two directions
- Cool Season Grass Hay, ten-inch flake or slice, 6 inches thick and tied in two directions. Variety must be named.

SOYBEANS

- Soybeans, one gallon from the most recent harvest, variety named
- Soybeans, a bundle of five from the most recent harvest, variety named

OTHER CROPS

- Oats, one gallon, variety named
- Barley, one gallon, variety named
- Brome Grass Seed, one gallon sample of seed
- Other Tame Grass Seed, one gallon sample of seed
- Edible Field Beans, one gallon from the most recent harvest
- Edible Field Beans, a bundle of five with roots intact, from the most recent harvest, variety named
- Miscellaneous Crop, one gallon of seed or ten heads produced from the current project (identify crop and variety)
- Cotton, 10 open bolls, NOT 10 plants. Place bolls in a bag that can breathe (not a sealed plastic bag) so mold doesn't develop.

WHEAT VARIETY PLOT DISPLAY

- Freestanding display must not exceed the overall dimensions of 36" wide x 36" high x 18" deep (measured on the outside).
- Care should be taken to select durable materials that will withstand fair conditions.
- Displays must not require electricity and will judge 70% on the educational and 30% on the quality of the display material.
- Educational Value
Is the main idea of the display specific? Was the title or theme emphasized? Is the idea presented so clearly, so simply, and so forcefully that it will stop the casual observer? If the passerby stopped, did the display give the observer additional facts in a clear, concise way? For example, varietal differences in wheat, economic gains from the adoption of desirable practices, etc.
- Quality of Display Material
Size, style and neatness of lettering, proportion of models and lettering balanced, workmanship, including handouts, if used, charts, models and lettering used effectively to teach ideas, colorful, artistic, neat and well balanced.

WEED CONTROL EXHIBIT

- Collect, identify, press, mount, and label a minimum of 15 weeds. Try to include their roots, stems, leaves, and flowers. Three of the weeds must be noxious weeds preferably found in your home county. A standard 9"x12" scrapbook may be used to permanently mount your weed specimens. Identify the scrapbook with your name and county on the inside front cover.
- Prepare a list of the weeds mounted, showing common name, scientific name, and where it was found. Place the list in a specially identified section of the scrapbook.
- Collect and identify weed seeds found in crop seeds. Mount them for display purposes. Place them in a specially identified section of the scrapbook.
- Write a story on "How We Control Weeds on Our Farm" if you live on a farm. Other members write "How We Control Weeds at Home". The story should be about 300 words in length. It must show definite methods used to control weeds. Place the story in a specially identified section of the scrapbook.
- The basis for Awards
 - Number of mounted specimens
 - The correctness of identification and information
 - Neatness
 - Include a record sheet of weeds.
 - 50% on records, 30% on weed seed collection and exhibit, and 20% on the story

ENTOMOLOGY

- Members may exhibit in the collection, notebook, and/or educational display category.
- There are classes within each category. Classes are:
 - Beginning
 - Intermediate
 - Advanced
- An introductory entomology collection class exhibit is available for first-year members but may not be exhibited at the state fair.
- See class descriptions for requirements.
- Resources for exhibiting can be found on the Kansas 4-H Entomology project page.

INSECT COLLECTION RULES

- All entries should be submitted in a 18x24x3.5 inch wooden display box with a transparent plastic top (such as plexiglass). Boxes can be handmade or purchased as long as they are of the correct size. [Box instructions and plans.](#)
- Boxes can be handmade or purchased if they are of the correct size.
- A 4-H member can choose to use one of two taxonomies:

- Option A: As printed in “Insects in Kansas” book
- Option B: Follows www.bugguide.net
- Each exhibitor is required to identify each box with two identification labels bearing the exhibitor’s name, county/district, the collection class the 4-H member is enrolled in, and a statement of taxonomy used.
 - One label goes in the upper lefthand corner of the box (inside)
 - The other label goes on the lower right-hand corner of the box (outside)
- Arrange specimens in the box so the box can be displayed horizontally.
- The number of orders, specimens, and families (where required) must be included on both exhibitors’ box identification labels.
- Arrangements of specimens
 - The preferred method is to arrange the insects into groups or rows parallel to the short sides of the box.
 - Two labels should be centered in the pin beneath the specimen.
 - The label closest to the specimen should have the common name.
 - The other label should have the date/locality and the full county name and state abbreviation. The collector's name is optional on this label.
 - The exhibitors should collect the specimens and should focus on Kansas insects,
 - Insects can be collected from one county into bordering states. Please refer to [“Entomology Collection Exhibit Resource”](#) for further details on out-of-state insects in collections.
 - Only specimens of the class Insect a should be included.
 - Purchased insects are not to be exhibited in collections but they may be used in educational displays.
 - Specimens of soft-bodied insects such as aphids, lice, termites, etc. should be exhibited in alcohol-filled vials.
 - The use of alcohol vials should be limited to only those specimens that lose their shape when pinned since the vials pose a significant hazard to the rest of the collection if they become loose in transit.
- Any major violation of rules will result in the exhibit being dropped one ribbon placing. Examples would include, but are not limited too: incorrect display box size, missing paper work, feet on display box, no special project in notebooks, etc.
- After the first year in Entomology, all 4-H members need to add an 8 ½ by 11-inch sheet of paper to their collection that states what they did to improve their collection for the current year. This should include how many new insects were added to the display box (please list), how many insects were replaced in the display box (please list), and number of new orders and/or families were added to the display box. Other optional things that could be included are number of insects caught for the year, number of new orders added this year, number of talks and/or demonstrations given, activities participated in, leadership roles, etc. This paper should be taped to the upper left corner on the front of your display box.
- A minimum of 10 new specimens must be added and/or replaced each year.
- Do not put the spindle-shaped bag of a Bagworm in your collections (as a female example of the species.) These bags must be cut open to determine if the caterpillar inside is a male or female. Opening the box to confirm the ID correctness could pose a significant risk to the collection.
- The following insects are listed as Threatened or Endangered by the Fish and Wildlife Service. American Burying Beetle (*Nicrophorus americanus*), Monarch Butterfly (*Danaus plexippus*), Eastern Regal Fritillary Butterfly (*Argynnis idalia idalia* or *Speyeria idalia*), Western Regal Fritillary Butterfly (*Argynnis idalia occidentalis* or *Speyeria occidentalis*), Great Spangled Fritillary (*Speyeria cybele*)
 - Because of this, no specimens of the below species may be caught or displayed in insect collections or educational displays. If specimens of these species are included in collections or educational displays, it will be counted as a major violation. Any major violation of rules will result in the exhibit being dropped one ribbon placing. Please refer to www.kanas4-h.org on the Entomology project page for more information.
- As outlined in the General Rules of the Kansas State Fair 4-H Exhibitor Handbook, Formatted: Font: (Default) Times New Roman Formatted: Font: (Default) Times New Roman “Exhibits at the Kansas State Fair are entered

and displayed at the risk of the exhibitor.” For projects displayed in box-style exhibits—such as Entomology or Geology—that must be opened for judging, exhibitors may choose to include a closure mechanism on the box. While closures are not required, their use will not result in a ribbon deduction. Acceptable options include Velcro strips or hook-style fasteners. Closures should not interfere with the box’s ability to be displayed on a shelf and must not be lockable.

CLASSES

- Introductory Educational Exhibit - for individuals who are exhibiting in the Introductory Collection or Introductory Notebook Classes. If only exhibiting in this category, then ages 7-8. There is no State Fair Class for these exhibits.
- Introductory Entomology Collection
 - First and second-year members in the project. Not eligible to show at the state fair.
 - Display in one or two shoe boxes or one standard box.
 - A minimum of 15 specimens with a maximum of 30, representing at least six orders.
 - The boxes should be covered with a piece of cellophane or other clean covering.
 - Follow guidelines for collections.
- Beginning I Entomology Collection
 - Display in one standard box a minimum of 50 and a maximum of 125 species representing at least seven orders.
 - Follow the guidelines for collections.
 - Members can exhibit in this class for a maximum of three years or until they receive a purple ribbon at the Kansas State Fair, whichever comes first, then they are moved up a division.
- Beginning II Entomology Collection
 - Display in one standard box a minimum of 150 species representing at least 9 orders.
 - Follow the general guidelines listed for collections.
 - Members can exhibit in this class for a maximum of three years or until they receive a purple ribbon at the Kansas State Fair, whichever comes first, then they are moved up a division.
- Intermediate Entomology Class
 - Display a minimum of 100 and a maximum of 300 species, representing at least 10 orders.
 - Two standard boxes can be used.
 - Follow the guidelines listed for collections.
 - In addition, family identification is required for all insects in any two of the following orders (only two will be counted for judging):
 - “Insects in Kansas” book: Orthoptera, Hemiptera, Homoptere, Coleoptera, Hymenoptera, and/or Diptera
 - “Insects in Kansas Book: 2016 Revised Taxonomy”, which follows www.bugguide.net: Orthoptera, Odonata, Hemiptera, Coleoptera, Hymenoptera, and/or Diptera
 - On a piece of paper describe what you did to improve your collection during the current year.
 - Members can exhibit in this class for a maximum of three years.
 - A member may move up a division if they receive a purple ribbon at the Kansas State Fair.
- Advanced Entomology Collection
 - Display a minimum of 150 and a maximum of 450 species representing at least 12 orders.
 - Family identification is required for all insects belonging to the six basic orders as outlined under the Immediate class.
 - Only families in the above six orders will be counted for judging.
 - Family identification of insects in the remaining orders is optional, but desirable if accuracy is maintained.
 - On a piece of paper list what you did to improve your collection during the current year.
 - Examples: What insects did you add or replace, what orders/families you added, what Leadership you provided in the project, and/or what insects you have studied.
 - Attach the paper to the back of one of the display boxes.

- Members may continue to exhibit in this class at the Kansas State Fair for an unrestricted number of years if they remain eligible for 4-H membership.

NOTEBOOK RULES

- Individual entries are to be placed for display in a three-ring binder for competition.
- 4-H members may choose to use one of the following two taxonomies:
 - As printed in “Insects in Kansas” book
 - www.bugguide.net
- Members who have previously enrolled in or are currently enrolled in the other classes of the Entomology project need to start with the Beginning Class of Entomology Notebooks, not the introductory class.
- Each exhibitor is required to identify the book by placing a title page on the front of the book bearing the following:
 - Exhibitors name
 - County/district
 - Class enrolled in
 - Statement of Taxonomy used (refer to the second bullet for acceptable taxonomies)
 - number of orders, specimens, and families (required in intermediate and advanced classes)
- Specimen pages should be grouped according to order and should include one page per species.
- If more than one insect is in the photo, an arrow to indicate identified insects should be used.
- Date, common name, full county name, and state abbreviation should be included for each species. The collector’s name is optional.
- Specimen pages should have two different views of the insect if possible.
- If pictures are taken on different dates/localities, include information for both.
- A statement describing the habitat where found/host plant may be included and is encouraged and will be worth a bonus of 10 points overall, not per page. For intermediate and advanced classes this is strongly encouraged.
- A divider page is to be placed in front of each order of insects with the order name printed on the tab as well as the front of the divider page.
- For intermediate and advanced classes, insects are also to be grouped by the family behind each order divider.
- After the first year in Entomology, all 4-H members need to add an 8 ½ by 11-inch sheet of paper to their Photo Collection Notebook that states what they did to improve their notebook for the current year. This should include how many new insect photo pages were added to the Notebook (please list), how many insect photo pages were replaced in the Notebook (please list), and number of new orders and/or families added to the Notebook. Other optional things that could include are number of insects photographed for the year, number of new Orders added this year, number of talks and/or demonstrations given, activities participated in, leadership roles, etc. This paper should be placed right behind the Title Page in your Notebook.
- A special project must be completed each year and included in the notebook.
- See project guidelines materials for specifications.
- Any major violation of rules will result in the exhibit being dropped one ribbon placing. Examples would include, but are not limited too: incorrect photo size, missing paper work, no special project in notebooks, etc.
- A minimum of 10 photo pages of new species must be added and/or replaced each year.

NOTEBOOK CLASSES

- **INTRODUCTORY ENTOMOLOGY NOTEBOOK**
 - Display a minimum of 10 and a maximum of 30 insect species representing at least six different orders. Follow the guidelines listed for notebooks, including the special project.
 - 4-H members must be of minimum age to compete at the state fair.
 - A 4-H member may exhibit in this class for a maximum of two years.
- **BEGINNING I ENTOMOLOGY NOTEBOOK**
 - Display a minimum of 20 and a maximum of 50 insect species representing at least seven different orders.
 - Follow the guidelines listed for all notebooks, including the special project.

- Members can exhibit in the class for a maximum of three years or until they receive a purple ribbon at the state fair, whichever comes first and then they must move up a division.
- **BEGINNING II ENTOMOLOGY NOTEBOOK**
 - Display a minimum of 40 and a maximum of 70 insect species representing at least 8 different orders.
 - Follow the general guidelines listed for all Notebooks, including the Special project.
 - Members can exhibit in this class for a maximum of 3 years or until they receive a purple ribbon at the Kansas State Fair.
- **INTERMEDIATE ENTOMOLOGY NOTEBOOK**
 - Display a minimum of 60 and a maximum of 100 species, representing at least nine orders.
 - “Insects in Kansas” book: Orthoptera, Hemiptera, Homoptere, Coleoptera, Hymenoptera, and/or Diptera
 - “Insects in Kansas Book: 2016 Revised Taxonomy”, which follows www.bugguide.net: Taxonomy - Odonata, Orthoptera, Hemiptera, Coleoptera, Hymenoptera, and/or Diptera
 - Members can exhibit in this class for a maximum of 3 years or until they receive purple ribbon at the Kansas State Fair.
 - A 4-H member must move up if they receive a purple ribbon.
- **ADVANCED ENTOMOLOGY NOTEBOOK**
 - Display a minimum of 100 and a maximum of 200 species representing at least 12 orders.
 - Follow the general rules listed for notebooks, including the special project.
 - Family identification is required for all insects belonging to the six basic orders as outlined under the immediate class. Family identification of the remaining in the remaining orders is optional, but desirable if accuracy is maintained.
 - Members may continue to exhibit for an unrestricted number of years if they remain eligible for 4-H membership.

EDUCATIONAL EXHIBIT – ENTOMOLOGY

- Share with others what you learned in this project.
- Exhibit any activity or learning experience related to the field of entomology or the teaming with insect’s curriculum that does not fit in the Entomology collection or notebook classes listed above.
- Follow copyright laws explained in the general rules.
- The exhibit may be, but is not limited to, original works, digital presentations presented on a USB drive (must include hard copy for exhibit purposes for the duration of the state fair), programs, websites, games, apps, displays, or posters that you have made.
- If the exhibit is in a wooden box, it must be 18x24x3.5 inches with a transparent plastic top (such as plexiglass) and displayed horizontally.
- If the exhibit is a poster, it must not be larger than 22”x’28” and needs to be ready to hang.
- If the exhibit is a display, the maximum size is not to exceed a standard commercial 3’x4’ tri-fold display.
- Name and county/district must clearly be marked on educational exhibits.
- Refer to Entomology General Rule for information on Threatened and Endangered Species specimens that cannot be displayed in Educational Exhibits.
- Any major violation of rules will result in the exhibit being dropped one ribbon placing. Examples would include, but are not limited to: incorrect display box size, missing paperwork, feet on display box, no reference for information and/or photos, etc.

EDUCATIONAL ENTOMOLOGY CLASSES:

- **Beginning Educational Exhibit**
 - Class for individuals that are exhibiting in the Beginning I and II Collection or Notebook classes.
 - If only exhibiting in this class, then ages 7-12.
- **Intermediate Educational Exhibit**
 - Class for individuals that are exhibiting in the Intermediate Collection or Notebook classes.
 - If only exhibiting in this class, then ages 11-14.

- Advanced Educational Exhibit
 - Class for individuals that are exhibiting in Advanced Collection or Notebook classes.
 - If only exhibiting in this class, then ages 13 and older.

MONARCH BUTTERFLY EDUCATIONAL DISPLAY RULES

Exhibits should teach the public about the Monarch Butterfly and/or ways to protect and conserve it. The information could be nectar sources for adult butterflies and food sources for caterpillars, Monarch tagging activities, collection of native milkweed and then packaged it to give it to others, a group working together to plant a Monarch friendly garden, etc.

4-H members may create a poster, notebook, standard-size trifold, diorama, slide show, or other visual display that shows information on Monarch Butterflies.

Specimens of the actual Monarch Butterfly insect, caterpillars, or chrysalis **MAY NOT BE USED** in these displays.

If a slide show is created, it should be presented on a zip drive along with a printed copy of the presentation.

- Beginning Monarch Butterfly Educational Display Class – for 4-H members enrolled in Beginning I or II Entomology
- Intermediate Monarch Butterfly Educational Display Class – for 4-H members enrolled in Intermediate Entomology
- Advanced Monarch Butterfly Educational Display Class – for 4-H members enrolled in Advanced Entomology

FORESTRY

- Read 4-H and FFA General rules.
- All leaf exhibits are to be mounted on 8 ½ x 11” heavy stock paper and placed in loose-leaf binders. Magnetic or adhesive filler sheets for photographic prints are recommended.
- Twigs and fruit may be exhibited in whatever manner you decide. (Maximum trifold size is 3’x4’)
- Name, Club, Age, and Year should be on the front cover or another prominent location.
- Leaves should be identified with an appropriate label located near the leaf on the page. These labels should include:
 - Proper common name as listed in the [4-H334, “List of Native Kansas Forest”](#)
 - Specific Name (Optional in 2025 and required in 2026)
 - Location (City and/or County) where collected
 - Date (Day, Month, Year) or (Month, Day, Year) Collected
 - Date collected (day-month-year format)
- Divide specimens into the following two sections:
 - Native Kansas Trees
 - Non-Native Trees
- New specimens are those specimens collected during the current 4-H year.
- Group specimens according to the years collected (ex. ‘old previous year’ and ‘new’)
- If you retrieve information for your forestry exhibit, you must include reference citations to the source.
- Variations of varieties do not count as different specimens.
- Exhibit only in phases enrolled.
- The exhibit may be in either Class A or B; but not both.
- When replacing previously displayed samples, due to degradation, improper mounting, or incorrect identification, the specimen label must also be updated.
- Replacements should be displayed in the “old previous” section of the display.
- If you retrieve information for your forestry exhibit, you must include a reference to the citation source.
- In all leaf collections, exhibit one complete leaf where possible.
- If the leaf is too large, exhibit as much as possible.
- Sketch in reduced scale the entire leaf and illustrate where the exhibit portion came from.
 - Note: A ‘Leaflet’ is incorrect when displayed as the complete leaf for the tree.
