General Rules

1. In no event shall the Woodson County Fair Association or its officers, directors or members be held responsible for any loss or damage to the property or person of exhibitor or other persons on the fairgrounds whether said loss or damage shall arise from accidents or any cause whatsoever.

2. All 4-H member exhibits will be checked out Wednesday from 11:00 a.m. – 1:00 p.m. Members will also be expected to help with the buyers’ supper and Premium Sale setup.

3. All Open Class exhibits must be checked out Wednesday afternoon from 11:00 a.m.– 1:00 p.m. Neither the Fair Association nor the superintendents will be responsible for exhibits that are left after check-out time is over.

4. The Woodson County Fair Association reserves the right to accept or reject any or all entries or exhibitors.

5. All entries must be in place by 10:00 a.m. Monday, except contradictory to special classes. Booths may be set up on Sunday.

6. All exhibits must be in order and open to the public by 9:00 a.m. and remain so until 10:00 p.m. each day. THE FAIR ASSOCIATION RESERVES THE RIGHT TO WITHHOLD PREMIUMS FROM PERSONS VIOLATING THIS RULE.

7. In classes where there is only one exhibitor, the judges reserve the right to place the entry as they see fit in regard to placing.

8. Exhibitors must clean their display area and check out with the superintendent of their respective department. Open Class premiums will be paid on Wednesday afternoon from 11:00 a.m. to 1:00 p.m. in the 4-H Building basement. Premiums not picked up will be returned to the Fair Association.

9. No 4-H premium will be paid until the 4-H record book is turned in to the Extension Office. No FFA premium will be paid until the proficiency record is turned in to the FFA Advisor.

10. All exhibits must be bona fide property of the exhibitor.

11. Note special rules in each respective division.

12. Entries in the 4-H and Open Class Divisions are not interchangeable.

13. All livestock must be typical of the breed they represent.

14. The Woodson County Fair Association reserves the right to prorate premiums.

15. Exhibitors or their parents are not to confront the judges. The basement of the 4-H Building will be closed during judging, open only to the judges and superintendents.

16. Shavings will be provided for the livestock building.

17. No alcoholic beverages on the Fairgrounds. Violators of this rule will be asked to leave the Fairgrounds.

18. All collections and hobbies are to be entered in window displays, not under handcrafted arts. Make your entry with the window display superintendent.

19. The Woodson County Fair Association reserves the final and absolute right to interpret all rules and regulations, arbitrarily settle and determine all matters, questions and differences in regard to, or arising out of, or connected with the Woodson County Fair, and the right to amend or add to these rules as it determines is necessary. An exhibitor who violates any of these rules will forfeit all privileges and premiums and will be subject to such penalty as the Executive Committee may order.

20. All Open Class trophies will be given out when the Open Class exhibits check out on Wednesday.

21. All sheep and goats must have a scrapie tag.

22. All dogs must be on a leash at all times.

23. Any grievance must be filed within 1 hour after that show to either the Fair Board president or vice-president.

24. There will be no overnight stays at the fair. The fairgrounds close at midnight.

25. Division superintendents and assistants are subject to change without notice.

26. See “Special Rules for Youth Division” at the beginning of that section of the fair book for rules specific to 4-H and FFA exhibits and eligibility.
DIVISION A

Beef Cattle
Superintendents: Nick Barney, Garrett Eggers, Michael Old, Becky Farha
Rules: General rules apply. All Bulls will be double tied. Breeds will show separately and will be determined at entry time. Each exhibitor is limited to 2 fans per exhibitor. All fans must have factory guards on them - NO EXCEPTIONS! All fans must be hung from wooden rafters.

DIVISION F

Poultry
Superintendent: Cindy Baker
Assistants: Tayla Baker, Hannah Sterling
Rules: General rules apply.
1. Breeds should be stated at time of pre-entry.
2. The Comparison system of judging as outlined in the Standard of Perfection will be used in placing the award.
3. APA rules will govern in the matter of protests.
4. The same birds cannot compete in both single and trio classes, except birds in the first place trios may compete for champion awards.
5. Birds not tested for Avian Influenza and Pullorum prior to the fair will not be allowed to enter.
6. Birds may not be removed from the exhibit building without permission of the superintendent in charge.
7. Eggs laid during the fair will be gathered and will be the property of the fair.
8. Exhibitors are responsible for feeding and watering their birds.
9. Cages will be reserved for entries. Entries should be received by the Extension Office or Superintendent by July 1st.
10. Entries in the classes below will be accepted in all standard breeds.

**DEPARTMENT GG**

**Canned Products**
Superintendents:  Ellen Jackson, Brenda Schinstock
Special Rules:
1. All entries must have been prepared since the previous fair.
2. Exhibits must be sealed in clean standard canning jars with new two-piece lids. Only standard clear (not tinted) home canning jars with brand name on the jar will be accepted. All jars must be sealed when entered.
3. Recommended method of processing must be used. Recipes must be from 1995 to present. Processing methods that will be disqualified include: open kettle canning, oven canning, sun canning and using electric multi-cookers. For more information on electric multi-cookers, call the Extension office. Untested recipes will be disqualified for food safety reasons. Tested recipe resources are available at the Extension office.
4. Pickles and sweet spreads must be finished by the water bath process.
5. Low acid products must be pressure processed.
6. Each jar exhibited must be labeled with a uniform label placed 1” from the base of the jar. The label must not cover the brand name of jar. The label must include the canning method and process time, pressure (PSI) and the date processed (month and year).

4-H/FFA YOUTH PROGRAM 2022
Woodson County
Special Rules for Youth Division

1. All exhibitors in this division must be a bona fide 4-H or FFA member in Woodson County. Maximum 4-H or FFA age is: A member cannot have passed his/her 19th birthday by January 1 of the current year. 4-H members must attend 60% of their club meetings to be eligible to exhibit at the Woodson County Fair. College students must attend at least 2 meetings.
2. All entries must be current projects and 4-H members enrolled in the respective projects they show.
3. Exhibits must be in order by 9:00 a.m. and kept in order until 10:00 p.m. each day.
4. Exhibits must have identification cards or tags up at all times. These will be made available from the superintendents.
5. In Family and Consumer Sciences, each member is limited to two exhibits in each class unless otherwise stated. They may enter in all classes that correspond to their project phase.
6. Note “Special Rules” for each Division, as they will be followed.
7. 4-H exhibitors (individuals or group) should avoid using copyrighted and/or trademarked materials whenever possible by originating his/her own work. Copyrighted and/or trademarked materials used in banners, displays, demonstrations, posters, or other activities for endorsement or promotion instead of educational purposes be disqualified and will not be displayed or receive ribbons or premiums.
8. All entries in the Junior Division must be in the Extension office by July 1.
9. No 4-H livestock that is exhibited in the Junior Division will be allowed to show in Open Class.
10. The Kansas Junior Livestock Show and the Kansas State Fair allow family nominated/owned livestock for its shows, and the Woodson County Fair will as well. Designation of the member ownership will be determined at the fair immediately following weigh-in.
11. A member must be present to show and sell all livestock unless an emergency is determined by the fair grievance committee.
12. Livestock exhibitors MUST wear blue jeans and a white shirt during judging and the Premium Sale.
13. In the 4-H Premium Sale, each 4-H member will be allowed to sell a maximum of two projects, and not more than one from any division. The 4-H Sale Committee has the right to reject or accept any project offered for sale. Sale animals must be within the following weight ranges: Steer – minimum weight 1000 lbs., Lambs – minimum weight 100 lbs., Swine – minimum weight 210 lbs., Goats – minimum weight 60 lbs.; no maximum weight on any species. Livestock sale forms must be turned in to Dale within ½ hour after the last livestock show.
14. THIS IS A TERMINAL SALE FOR ALL ANIMALS THAT GO THROUGH THE PREMIUM SALE.
15. If there are over 25 exhibitors in a showmanship class, it will be divided again by age.
16. There will be no re-weighing of market livestock. If an animal doesn’t meet the weight requirements, we will take the animal off of the scale, balance, and re-weigh immediately, and that will be the official weight.
17. Milk or milk replacer cannot be fed to any hogs while on the fairgrounds. Violators will be barred from selling those animals through the Premium Sale.
18. There will be no overnight stays at the fair.

DIVISION YK

4-H STEM - Ag Mechanics
Exhibited in 4-H Community Building
Superintendent: Chuck Sievers
Assistant: Jesse Stockebrand
Premiums:  Blue $3.00    Red $2.50    White $1.75

The project is starting with an emphasis on welding, smithing, and brazing. It will expand as the project area grows. Please direct project feedback to Jennifer Terrell. This project allows youth to explore areas of ag mechanics and metallurgy from repairing or repurposing items to the fabrication of new items. The intent for this program is to start with foundational areas, some of which youth may already have, and allow them to continue to build on this knowledge becoming more experienced.

Special Rules:
1. 4-H members must be currently enrolled in the Kansas 4-H STEM – Ag Mechanics (Welding/Smiting/Brazing) project to exhibit in this division.
2. Exhibits must have been constructed or repaired during the current 4-H year. For county purposes, exhibitors may enter more than one exhibit per class.

If an exhibit qualifies at the county fair, to show at the Kansas State Fair, the following rules must be met:
3. Each exhibitor may enter one exhibit per class.

4. Wheeled exhibits must utilize a braking mechanism which prevents the exhibit from freely rolling while on display.

5. Exhibitors are responsible for providing sufficient braking or “chocks” for trailer exhibits to ensure that the exhibits do not move once positioned. If using a wheel “chocking” mechanism, the two individual blocks should be connected together as a pair of chocks, so they do not become separated. At least one pair of chocks should be placed on each side of the trailer to prevent movement.

6. For trailer exhibits, the tongue of the trailer should have a locking mechanism (e.g. padlock) to prevent the trailer from being moved by unauthorized individuals while being displayed. At the State Fair, a key for the locking mechanism should be left with the superintendent and labeled with the exhibitors name, county, and phone number.

7. Each exhibit must be free-standing or sufficiently supported by an exhibitor supplied support system that is moveable and is part of the total dimensions and weight of the exhibit as described previously. Exhibit boards should have a portable and moveable base. No exhibits may be staked to the ground for display.

8. Top-heavy items should be braced or placed in a stand sufficient to prevent it from toppling over while on display.

9. Repair projects having adequate original finish need not be repainted.

10. Cutting surfaces, such as blades or knives, are to have a protective covering over them to prevent injury. The covering should be easily removed and reinstalled for judging. Foam “pool noodles” and multiple layers of cardboard are acceptable.

11. Display cases for small exhibits, such as knives, are acceptable, and must be easily opened so the item can be removed and examined as part of judging.

12. Exhibits that include weaponry of any kind will be disqualified. Weaponry is defined as any instrument, possession, or creation, physical and/or electrical that is intended to be used to inflict damage and/or harm to individuals, animal life, and/or property.

13. If the exhibit is powered by flammable liquids (gas, propane, kerosene, etc.) the fuel tank and lines should be drained and allowed to dry, to avoid spills and potential fires.

14. Electric powered (battery, corded, solar, or alternative energy) should have a primary shutoff or disconnect switch.

15. If a safety violation is noted by the judges, superintendent, or other staff, the exhibitor’s exhibit, at the judges’ discretion, will receive a deduction in ribbon placement or a participation ribbon.

16. The exhibitor’s name(s) and county or district must be tagged or labeled in a prominent location on the display.

17. Each exhibit must include an Ag Mechanics information packet. Entry of just a packet without an accompanying exhibit is not a sufficient exhibit.

18. Each exhibitor is required to complete the “4-H STEM Ag Mechanics Exhibit Information Form” which is available at the Extension office, at www.southwind.ksu.edu/fairs or www.STEM4KS.com. This form must be attached to the outside of a 10” x 13” manila envelope. Do not tie the envelope to the exhibit.

19. Each exhibit information packet should include the following items:
   a. Bill of materials for the project with associated costs, scrap items used may be listed as having a $0.00 cost
   b. 1 to 5 pages of photos showing work on the exhibit, preferably from a beginning state to final or completed state
   c. If appropriate schematics or working drawings relating to the creation or repair.
   d. If appropriate operating instructions
   e. Additionally, exhibitors may create an optional video (not required) about their project showing its operation and the work they have done. This allows judges to get a better understanding of the exhibit and allows the youth the opportunity to fully demonstrate their exhibit. The video should be no longer than 8 minutes and should be placed on a USB drive. These videos may also be considered for inclusion in a running video loop in the STEM area at the State Fair after review by judges, superintendent(s) and extension staff. Adult guardians must complete the video release included with the exhibit form. If the release is not completed the video will not be included in the video loop on display in the STEM area at the Kansas State Fair.

CLASS 1    Welding
4-H STEM – Architectural Block Construction
Exhibited in the 4-H Community Building
Superintendent: Chuck Sievers
Assistant: Jesse Stockebrand
Premiums:   Blue $3.00   Red $2.50   White $1.75

Description: This project allows youth to explore architectural design in a three-dimensional space. The intent is for this program start with foundational ideas of architecture, some of which youth may already have, and allow youth to continue to build on this knowledge becoming more and more experienced.

Special Rules:
1. 4-H members must be currently enrolled in the Kansas 4-H STEM – Architectural Block Construction project to exhibit in this division.
2. Exhibits must have been constructed during the current 4-H year. For county purposes, exhibitors may enter more than one exhibit per class.

If an exhibit qualifies at the county fair, to show at the Kansas State Fair, the following rules must be met:
3. Each exhibitor may enter one exhibit.
4. Total exhibit dimensions may not exceed 2 feet high, by 2 feet wide, by 2 feet deep.
5. All exhibits should be placed in a sturdy see-through enclosure with a top, bottom, and 4 sides. A clear tub turned upside down with the exhibit placed on the lid would be an acceptable enclosure. This is to keep components from being “scattered to parts unknown” at the fair. The outer dimensions of the enclosure are part of the total exhibit dimensions.
6. All components used in construction should be dust free, clean, free of chips, scuffs, or cracks
7. The primary building component should be interlocking blocks, commonly referred to by the brand name of Lego®.
8. Other components can be integrated into dioramas to illustrate architectural aspects that may be difficult to convey with traditional interlocking blocks, for example: marbles for small round objects.
9. The use of existing “store bought” sets for major architectural elements of the display is not allowed, use of figurines from sets is allowed as are using individual bricks to create something different than the architectural component of the set it came from. “Store bought” sets should be considered a Visual Arts entry. The intent of this is to ensure fairness among exhibitors and encourage maximum creativity instead of just following a set of plans.
10. The design should have a central theme, for example: a garage, a house, a shop, this theme should be discussed in the video. This can link back to architectural elements in the display, for example: toilets, chairs, sofas, plants, pianos, cars, garage doors, spaceships, animals, food, etc. (Architectural elements, components, and features can be thought of as nouns.)
11. Displays must have significant architectural components. Examples of architectural components include walls, windows, doors, roofs, canopies, flying buttresses, etc.). Landscapes are strongly discouraged, however buildings can have a reasonable exterior landscape if it clearly links to the architecture, for example: a bike rack next to a street outside of a bicycle shop.
12. Architectural components should have a consistent look. Walls and roofs that have no pattern or consistency will be deducted one ribbon placing.
13. Gaps or cracks should not be visible between assembled blocks.
14. Doors should open and close, large doors can be fixed in either an open or closed position, but it should be obvious that it is a large door; windows can be either fixed or open and close.
15. Vehicles that are intended to stay in a single place should be affixed to base plates with sticky tack, hot glue, or other method.
16. You can use a partial wall or no wall, called a reveal, to show what is happening inside of a structure, such as only having three walls to allow an unobstructed view into a room.
17. Mechanical enhancements or motion elements that add motion to the diorama are acceptable and encouraged. Examples include merry-go-rounds, flapping wings, animatronics, etc. If included, judges should be able to use them and instructions should be provided for operation, either in the story or on a separate page.

18. Artistic designs with no architectural design/components are not permitted and two ribbon placings will be deducted. Exhibits such as these should be displayed in Visual Arts.

19. The exhibitor’s name(s) and county or district must be tagged or labeled in a prominent location on the display. Additionally, the display case should have the exhibitor’s information attached to it as well, as the top part of the case may be separated from the display.

20. Each exhibit must include an Architectural Block Construction information packet. Entry of just a packet without an accompanying exhibit is not a sufficient exhibit.

21. Each exhibitor is required to complete the “4-H STEM Architectural Block Construction Exhibit Information Form” which is available at the Extension office, at www.southwind.k-state.edu/fairs/ or at www.STEM4KS.com. This form must be attached to the outside of a 10” x 13” manila envelope. Do not tie the envelope to the exhibit.

22. Each exhibit information packet should include the following items:
   a. At least one drawing of the desired architecture on graph paper, multiple views (top, front, side) are preferred. They do not need to be to scale. Plans encourage organizing the build process so that elements don’t get forgotten. For example, a real house doesn’t get built without plans. Plans also help if a part comes loose on the way to the fair, so staff can figure out where it goes.
   b. 1 to 5 pages of photos showing work on the exhibit, preferably from a beginning state to final or completed state. These help in determining where a part might go if something comes loose.
   c. If appropriate operating instructions for mechanical portions of the diorama.

23. Additionally, exhibitors are required to create a video about their project discussing their construction experiences and the architectural elements of the diorama (tell the story of what is happening in their exhibit) IF THEIR EXHIBIT QUALIFIES AND GOES TO THE STATE FAIR. This allows judges to get a better understanding of the exhibit and allows youth the opportunity to fully explain their exhibit. The video should be no longer than 8 minutes and should be placed on a USB drive. These videos may also be considered for inclusion in a running video loop in the STEM area at the state fair after review by judges, superintendent(s), and extension staff.

Adult guardians must complete the video release included with the exhibit form. If the release is not completed, the video will not be included in the video loop on display in the STEM area at the Kansas State Fair.

CLASS 8  Diorama illustrating at least 2 architectural features beyond floors, ceilings, and walls
CLASS 9  Diorama illustrating at least 4 architectural features beyond floors, ceilings, and walls, and includes 1 or more motion elements
CLASS 10 Diorama illustrating at least 6 architectural features beyond floors, ceilings, and walls, and includes 2 or more motion elements
CLASS 11 Diorama illustrating at least 8 architectural features beyond floors, ceilings, and walls, and includes 3 or more motion elements.

4-H STEM – Robotics
Exhibited in Bressner Building
Superintendent: Linda Wille
Assistant: Josiah Stockebrand

Premiums: Blue $2.00   Red $1.50   White $1.00

Special Rules:
1. Robot must have been constructed during the current 4-H year.
2. Each robot must be free-standing, without the need for additional supports in order to be moved or exhibited.
3. Robots must have automated reticulated structures (arms, wheels, grippers, etc.). Game consoles that display on a screen are not considered robots and should either be entered in computer systems division or energy management project. Robots requiring no assembly, just programming, such as Ozobots, are considered computer systems projects as the skill is focused on the programming not on the construction of the robot.
4. Robot dimensions should not exceed 2 feet high, by 2 feet wide, by 2 feet deep. Weight may not exceed 15 pounds.
5. Robots may be powered by an electrical, battery, water, air or solar source only. Junk drawer robots may be powered by a non-traditional power source. Robots powered by fossil fuels/flammable liquids will be disqualified. Robots that include weaponry of any kind will be disqualified. Weaponry is defined as any instrument, possession or creation, physical and/or electrical that could be used to inflict damage and/or harm to individuals, animal life, and/or property.

6. All electric components of the robot must be adequately covered or concealed with a protective enclosure. Paper is NOT considered an adequate enclosure or covering for electrical components.

7. Robots must be in operable working order. The judge will be operating the robot to evaluate workmanship and its ability to complete the required tasks. In the event the robot uses a phone, tablet, or similar device for programming AND control of the robot, a video will be used to evaluate the working condition of the robot.

8. A “4-H SpaceTech Robotics Exhibit Information Form” must be filled out and attached to the outside of a 10x13 manila envelope.

9. The exhibit must include written instructions for operation (the instructions should be written as if they were to tell a grandparent or elderly person how to operate the robot), construction plans, and one to three pages of project photographs. In addition, a 5-minute video presentation placed on a CD, DVD, USB drive, or similar removable storage device, if applicable. For robots that can be programmed, robot programming information must be included. This information should be placed in the manila envelope mentioned above. Robot programming information can be, but is not limited to, source code, block diagrams, screen captures of the coding window, and other images that show the programming logic used.

Novice – One to Two years in the Robotics Project
CLASS 20 Robot made from a purchased kit.
CLASS 21 Robot designed and constructed by exhibitor (not a mere modification of an existing robot kit or plan).
CLASS 22 Junk drawer robotics-based curriculum robot.
CLASS 23 Robot designed and constructed by exhibitor or from commercial kit that is operated by a remote control device.

Intermediate – Three to Four years in the Robotics Project
CLASS 25 Robot made from a purchased kit.
CLASS 26 Robot designed and constructed by exhibitor (not a mere modification of an existing robot kit or plan).
CLASS 27 Junk drawer robotics-based curriculum robot.
CLASS 28 Robot designed and constructed by exhibitor or from commercial kit that is operated by a remote control device.

Professional – Five or more years in Robotics Project
CLASS 30 Robot made from a purchased kit.
CLASS 31 Robot designed and constructed by exhibitor (not a mere modification of an existing robot kit or plan).
CLASS 32 Junk drawer robotics-based curriculum robot.
CLASS 33 Robot designed and constructed by exhibitor or from commercial kit that is operated by a remote control device.

Team Robotics Project
CLASS 34 Robot designed and constructed by two or more 4-H Space Tech project members. The robot must not be a mere modification of an existing robot kit or plan. The robot may be a programmable type that is made from a commercial (purchased) kit.

4-H STEM – Rocketry
Exhibited in Bressner Hall
Superintendent: Linda Wille
Assistant: Josiah Stockebrand

Premiums: Blue $2.00   Red $1.50   White $1.00

Special Rules:
1. Each exhibitor may enter up to two rocket exhibits that have been constructed during the current year. If two rockets are entered, one rocket must be a “model rocket kit” and the second one may be entered into any other applicable class. An exhibitor may not enter two rockets in the same class.
2. The rocket must have been constructed during the current 4-H year. The rocket must have been flown. Rockets may be supported on a wooden base, not to exceed ¾” x 8” square for small and medium size rockets; wooden or metal support rods must not extend past the tip of the nose cone. Do not exhibit rockets on a launch pad. Support rods must remain in the upright position. Do not angle.
3. Each exhibitor must complete a “4-H SpaceTech Rocketry Exhibit Information Form” and attach it to the outside of a 10” x 13” manila envelope. Plans (or a photocopy of) must be placed inside the envelope. One or more photographs of the rocket during construction and at the launch site are required. Photographs showing the rocket at the moment of ignition are preferred. Photograph(s) should be mounted on one single-sided 8½” x 11” page. There must be at least one page of photos, and no more than five pages of photos. Include at least one photo showing rocket construction, preferably with the exhibitor included. No photos of members catching rockets on return to earth should be included as it is unsafe to do so. Pictures at the launch site are not required in the event of a burn ban.
4. Angles of rocket fins must fall within a plus or minus 2-degree variation.
5. Fins should be rounded or streamlined to reduce drag on all exposed sides unless instructions indicate otherwise.
6. Fins and body tubes are to be sealed with sanding sealer and/or primer to eliminate the appearance of body grooves and wood grain.
7. Fins and launch lugs are to be filleted to reduce drag and properly secure them to the model.
8. Any seams on plastic parts are to be sanded smooth.
9. Body tubes/airframes/engine mounts can be made from suitable materials, including, but not limited to: reinforced paper, cardboard, phenolic resin, specialized polymer resins, fiberglass, Kevlar, or other suitable structural materials.
10. The nose cone is to fit snugly but still allow for easy removal.
11. Rocket exhibits must be uniformly painted, smoothly finished, have decals applied smoothly and be properly assembled according to the accompanying plans. Models are not judged on their paint scheme, with the exception of rockets that fit the definition of a ‘scale model.’ All other rockets do not have to follow a suggested paint scheme, allowing the 4-H’er to display maximum creativity in the finishing of their rocket. Scale model rockets are to be finished and completed with a majority (greater than 70%) of their decals.
12. Beginner rocket kits with prefabricated plastic fin assemblies and prefinished rockets requiring no painting are NOT acceptable for state fair exhibits.
13. Original design rockets require written summary of how model was tested for stability prior to flying. Up to four additional pages can be added to the rocketry information pack detailing the test(s) performed to ensure stability. 4-H’ers are strongly encouraged to provide as much detail as possible. Failure to provide adequate written documentation will result in a disqualification.
14. Exhibitors who exhibit a rocket using a size E engine or larger will be required to provide National Association of Rocketry (NAR) membership number on the exhibit information sheet.
15. All rockets must have safe method of recovery, e.g. parachute, streamer, tumble recovery. Any rocket without a recovery system will be disqualified.
16. If a modification is made to a rocket, for example, adding a fin, a swing test must be conducted on the rocket, and the documentation provided. Failure to test and document flight stability following modifications will result in two ribbon placing deductions.

**SCALE MODELS**

As defined by the National Association of Rocketry (NAR), a scale model is “any model rocket that is a true scale model of an existing or historical guided missile, rocket vehicle, or space vehicle.” The intent of scale modeling is, according to the NAR, “to produce an accurate, flying replica of a real rocket vehicle that exhibits maximum craftsmanship in construction, finish, and flight performance.”

A complete list of all State Fair rocketry rules can be found here: [https://www.southwind.k-state.edu/fairs/woodson-county/index.html](https://www.southwind.k-state.edu/fairs/woodson-county/index.html)

**Exhibitors through 13 years old:**

**CLASS 40** Rocket made from kit. Include plans.
**CLASS 41** Rocket made from kit with prefabricated plastic fin assemblies and prefinished rocket parts.
CLASS 42 Rocket designed by exhibitor, not merely modification of an existing kit rocket – include original plans. (Ages 11-13)
CLASS 43 Rocket designed by 2 or more exhibitors, not merely modification of an existing kit rocket – include original plans.
CLASS 44 Scale Model Rocket made from kit. Includes plans.
CLASS 45 Scale Model Rocket designed by exhibitor; not merely a modification of an existing kit. Includes original plans and stability testing. (Ages 11-13)

Exhibitors 14 and older:
CLASS 46 Rocket made from kit.
CLASS 47 Rocket designed by exhibitor, not merely modification of an existing kit rocket – include original plans.
CLASS 48 Rocket designed by 2 or more exhibitors, not merely modification of an existing kit rocket – include original plans.
CLASS 49 Scale Model Rocket made from kit. Includes plans.
CLASS 50 Scale Model Rocket designed by exhibitor; not merely a modification of an existing kit. Includes original plans and stability testing.

4-H STEM – Astronomy
Exhibited in Bressner Hall
Superintendent: Linda Wille
Assistant: Josiah Stockebrand
Premiums: Blue $2.00   Red $1.50  White $1.00

Special rules:
1. The 4-H member must be currently enrolled in the 4-H STEM – Astronomy SPACETECH project to exhibit in this division.
2. Each exhibitor may enter one exhibit per class. Exhibit must have been completed during the current 4-H year.
3. Telescopes entered in this division may be built from a kit or by original design. Pre-finished telescopes, which require no construction or painting are not acceptable exhibits.
4. Telescopes are limited to no more than six feet in length. They must be placed on a stationary stand that does not allow the telescope to roll and/or fall over. The stand cannot extend past two feet in length or width.
5. Each telescope exhibit must include a “4-H Astronomy Exhibit Information Form,” which should be attached to the outside of a 10” x 13” manila envelope. You must also include construction plans (or a photocopy) for the telescope and place it inside the manila envelope. For notebooks, display boards, and posters, no additional exhibit information is required; no manila envelope is needed for these exhibits. See the last section for full details about exhibiting posters, display boards and notebooks.
6. Two photographs showing telescope construction and operation are required. Photographs should be mounted on one side of an 8 ½” x 11” page. A brief caption should accompany each photograph. Place photos in the 10” x 13” manila envelope.
7. The telescope must be properly assembled and painted with a smooth and uniform finish. Decals, if used, should be attached smooth and tight.
8. Telescopes designed by the exhibitor must be original, not a modification of an existing kit. 36 Revised 2/26/21 Exhibitor’s name, county or district, age, and year(s) in project must be tagged or labeled in a prominent location on the telescope.
9. If a safety violation is noted by the judges, superintendent, or other staff, the exhibitor’s exhibit, at the judges’ discretion, will receive a participation ribbon.
10. Additionally, exhibitors are required to create a video about their project discussing their construction experiences and the architectural elements of the diorama (tell the story of what is happening in their exhibit) IF THEIR EXHIBIT QUALIFIES AND GOES TO THE STATE FAIR. This allows judges to get a better understanding of the exhibit and allows youth the opportunity to fully explain their exhibit. The video should be no longer than 8 minutes and should be placed on a USB drive. These videos may also be considered for inclusion in a
running video loop in the STEM area at the state fair after review by judges, superintendent(s), and extension staff. Adult guardians must complete the video release included with the exhibit form. If the release is not completed, the video will not be included in the video loop on display in the STEM area at the Kansas State Fair.

CLASS 51  Telescope made from kit
CLASS 52  Telescope made from original design.

4-H STEM – Computers
Exhibited in Bressner Hall
Superintendent: Linda Wille
Assistant: Josiah Stockebrand
Premiums: Blue $2.00   Red $1.50   White $1.00

The 4-H STEM Computer project teaches concepts related to computers, hardware knowledge, software programming and applications, internet safety, the building, maintenance and repair of computers and future career opportunities. Please note that the actual construction of computer hardware (i.e., building a computer, electronic devices with a motherboard-based manipulation) will remain in the Energy Management division.

Special Rules:
1. The 4-H members must be currently enrolled in the 4-H STEM – Computers project to exhibit in this division.
2. Exhibits must have been completed during the current 4-H year.
3. Exhibitor’s name, county or district, 4-H age, and years(s) in project must be tagged or labeled in a prominent location on the exhibit, educational display, notebook, and/or poster.
4. If a safety violation is noted by the judges, superintendent, or other staff, the exhibitor’s exhibit, at the judges’ discretion, will receive a participation ribbon.

Computer Systems: The Kansas 4-H STEM Computer System portion of the computer project is designed to allow 4-H members to explore how information is moved from one part of the computer to the other; how information is moved between two or more computer system (networking); how information is stored; or how information is acted on (programming).

Any item which IS NOT a notebook, display board, or poster displayed in this class is considered a “computer system” exhibit and MUST follow the rules set forth below.
1. All exhibits must be: a. Self-contained on a USB drive (thumb drive, flash drive, jump drive, or other any other name for a small USB storage device; the rules will use “USB drive”). This means that a judge can plug in the USB drive into a computer and be able to run the exhibit as described below. OR b. System -On-A-Chip (SOC) (such as Raspberry Pi) or a Micro-Controller (such as an Arduino or Ozobot) AND is a compact (less than 8”X 8”X 8”) system, which can be programmed AND requires minimal assembly to operate (e.g. connecting power, display, and keyboard/mouse cables). Referred to as a “chip system” through the rest of the rules.
2. Physical computers such as tablets, smart phones, laptops, or personal computers (PCs) will not be accepted as an exhibit.
3. “Chip system” may use/include GPIO bread boards or HATs (Hardware Attached On Top) the size of which is not included in the size of the chip system however the total size of the chip system and GPIO devices may not exceed 24”X24”X24” including any protective enclosures.
4. Any attached GPIO devices are not judged for electrical construction or quality as this division is focused on the operational aspects of the system that have automated articulated structures (arms, wheels, grippers, etc.) which the exhibitor constructed, can also be classified as a robot, and the exhibitor must decide which division to exhibit in as the exhibit may not be entered in the both divisions.
5. For chip system, all electric components of the system must be adequately covered or concealed with a protective enclosure. Paper is NOT considered an adequate enclosure or covering for the electrical components. 37 Revised 2/26/21
6. All revisions of all forms previously released for the SPACETECHSTEM division either undated or dated prior to current year are void for use and new forms must be obtained and used that are dated by the Kansas State 4-H Office for the current year. Use of old forms will result in the loss of one ribbon placing for exhibits.

7. For all computer system entries, the following items are required as part of an exhibit packet:
   a. A manila envelope with the Computer Exhibit Form attached to the front, this form can be downloaded at www.KansasSPACETECH.com www.STEM4KS.com.
   b. A USB drive labeled with the 4-Hers name, county/district, and club; in a way that does not prevent it from being plugged into a computer.
   c. For exhibits that are entered on USB drives, at least one (1) graphic (picture, screen shot/capture, slide, etc.) of the project must be printed out on an 8.5” X 11” sheet of standard computer paper, placed in a plastic sheet protector, to allow for proper display and recognition at the Kansas State Fair. This is what will be displayed during the fair, all other materials will be sent back to the county/district office. On the back side of the graphic the 4-Her’s name, county/district, and club should be listed.
   d. Instructions to run any part of the exhibit on the USB drive. (There should be at least three (3) items in your manila envelope: USB drive, graphic and instructions).

8. Each exhibit must be accompanied by a “4-H Engineer’s Journal.” The engineer’s journal should be typed. It can either be included electronically on the USB drive (preferred) or printed and placed in the manila envelope.
   a. The “4-H Engineer’s Journal” should start with a dated entry describing what the 4-H member is trying to accomplish/build.
   b. The “4-H Engineer’s Journal” should conclude with a dated entry describing what the 4-H member achieved in creating. (The start and end many times will be different. The judges are interested in the journey).
   c. Additional entries in the “4-H Engineer’s Journal” should be made as progress occur describing successes and failures; as well as the steps done and any sources of information including links used.
   d. Pictures can also be included in the “4-H Engineer’s Journal” but should not be more than 50% of the entries.
   e. The “4-H Engineer’s Journal” should contain at least one graphic.
   f. The “4-H Engineer’s Journal” must be at least 3 pages in length.
   g. An example of a “4-H Engineer’s Journal” can be found at www.STEM4KS.com.
   h. The “4-H Engineer’s Journal” will comprise 50% of the overall exhibit score. Failure to include a “4-H Engineer’s Journal” will result in the exhibit being disqualified.

9. If the exhibit is a program, application, app, web site, or requires any coding, the source code must be included on the USB drive. Failure to include a copy of the “source code” may result in up to one ribbon place deduction.

10. Diagrams or decision trees showing the logical flow of the system must be included on the USB drive for all exhibits.

11. 4-Hers should bring a computer that will run their project to the fair for judging as judges typically do not bring computers with them. Operating instructions are still required. Instructions should be written as though you were helping a less techy person, (like a grandparent) use the USB drive with an example of instructions can be found at www.STEM4KS.com.

12. Each exhibit MUST include a video of the youth following their instructions for operation IF THEIR EXHIBIT QUALIFIES AND GOES TO THE STATE FAIR. This allows judges to get a better understanding of the exhibit and allows the youth the opportunity to fully demonstrate their exhibit. The video should be no longer than 8 minutes and should be placed on the USB drive. These videos may also be considered for inclusion in a running video loop in the STEM area at the state fair after review by judges, superintendent(s), and extension staff. Adult guardians must complete the video release included with the exhibit form. If the release is not completed the video will not be included in the video loop on display in the STEM area at the Kansas State Fair.

13. Each exhibit must accomplish a specific automated task using a computer, a chip system, or virtual machine (VM).

14. The creation of viruses, malware, malicious applications or code, defamatory language or graphics, bullying, or any material that is “mean,” “dangerous,” or harmful according to the judge’s opinion will result in the exhibit being disqualified.

15. Pictures or still graphics created are not eligible for entry as a project in this division, and division and should be entered in the appropriate photography division.
16. Judging will be based on a score sheet which can be found at www.STEM4KS.com. There are four (4) areas each exhibit will be judged on. They are:
   a. 4-H Engineers Journal (what I learned to make it work), 50% overall score
   b. Instructions (how I help others make it work), 25% overall score
   c. Functionality (does it work), 12% overall score
   d. Diagrams (and code if applicable) (how I think it works), 13% overall score

Division Computer System

CLASS 61: Computer program, application, app, script, or coded system that is new and unique (not merely a file run in a program, such as a ‘word document’ or a picture drawn in ‘Microsoft Paint.’)
CLASS 62: Computer presentation (power point, web page/site, animated graphics, etc.)
CLASS 63: Single computer system (web server, database server, etc.)
CLASS 64: Networked system consisting of two or more computers
CLASS 65: Chip system - a small (8"X8"X8") programmed physical device that accomplishes a specific task.

**4-H STEM – Unmanned Aerial Systems**
Exhibited in Bressner Hall
Superintendent: Linda Wille
Assistant: Josiah Stockebrand

Premiums: Blue $2.00   Red $1.50  White $1.00

Purpose: The 4-H unmanned aerial system or UAS project explores the world from above the trees and discovers new frontiers with UASs. UASs are commonly known as Unmanned Aerial Vehicles (UAVs) or drones. Members explore the uses and applications of unmanned aerial system including how UASs link to other projects such as geology, robotics, electronics, crop science and many more.

Special Rules:
1. The 4-H members must be currently enrolled in the 4-H STEM UAS project to exhibit in this division.
2. Exhibit must have been completed during the current 4-H year.
3. The information that accompanies the UAS must be limited to the 4-H STEM Exhibit Information Form which is affixed to a 10” x 13” envelope. This envelope should NOT be attached to the UAS. This may be downloaded from www.STEM4KS.com, www.southwind.ksu.edu/fairs or picked up at the Extension office. Any UAS exhibit not including this completed envelope will receive an automatic participation ribbon.
4. Each exhibit MUST include a video of the youth operating their UAS diorama. This allows judges to get a better understanding of the exhibit and allows the youth the opportunity to fully demonstrate their exhibit. The video should be no longer than 8 minutes and should be placed on the CD, DVD, USB drive, or similar. These videos may also be considered for inclusion in a running video loop in the STEM area at the State Fair after review by judges, chair(s) and extension staff. Adult guardians must complete Video Release included with the exhibit form. If the release is not completed the video will not be included in the video loop on display in the STEM area of the Kansas State Fair.

If an exhibit qualifies at the county fair, to show at the Kansas State Fair, the following rules must be met:
5. Exhibitor’s name, county or district, age, and years(s) in project must be tagged or labeled in a prominent location on the exhibit, educational display, notebook, and/or poster.
6. Unmanned Aerial System that include or depict weaponry of any kind will be disqualified.
7. See the last section for full details about exhibiting posters, display boards and notebooks.
8. If modifications are made to the exhibit a page should be attached noting those modifications.
9. If a safety violation is noted by the judges, superintendent, or other staff, the exhibitor’s exhibit, at the judges’ discretion, will receive a participation ribbon.

Introductory - 7-9 years old
CLASS 70: Unmanned Aerial System Kit operated by a remote-controlled device.
Intermediate Division –9-13 years old
CLASS 74: Unmanned Aerial System designed and constructed by exhibitor that is operated by a remote-controlled device. The UAS must not be a mere modification of an existing kit or plan. You may not exhibit a UAS that is purchased off the shelf in this class.

CLASS 75: Practical application of an Unmanned Aerial System constructed from a commercial (purchased) kit. This includes the UAS, plus one or more of the following: video, notebook, poster, display board, etc. This class is separate from educational exhibits. A tangible use would be mapping Russian olive trees, eroded soils, and bindweed in fields, etc. There are also many other non-agricultural UAS uses that would be appropriate for this class.

Senior Division – 14 years and older

CLASS 78: Unmanned Aerial System designed and constructed by exhibitor that is operated by a remote controlled device. The UAS must not be a mere modification of an existing kit or plan. You may not exhibit a UAS that is purchased off the shelf in this class.

CLASS 79: Practical application of an Unmanned Aerial System constructed from a commercial (purchased) kit. This includes the UAS, plus one or more of the following: video, notebook, poster, display board, etc. This class is separate from educational exhibits. A tangible use would be mapping Russian olive trees, eroded soils, and bindweed in fields, etc. There are also many other non-agricultural UAS uses that would be appropriate for this class.

4-H STEM EDUCATIONAL EXHIBITS

Posters, Notebooks, and Display Boards

Exhibited in Bressner Hall
Superintendent: Linda Wille
Assistant: Josiah Stockebrand

Premiums: Blue $2.00 Red $1.50 White $1.00

Purpose: To allow 4-Hers to explore STEM outside the bounds of traditional projects for rockets, robotics, astronomy, computers, and unmanned aerial system. All posters, notebooks and display boards are listed in this section and have been removed from the individual sections to save space. exhibits are to have a clear link to the STEM areas of astronomy, computers, rocketry, robotics, or unmanned aerial systems. Educational exhibits outside these STEM areas should be displayed in the other program areas.

1. The General Exhibit rules for ALL categories apply.
2. For notebooks, display boards, and posters, no additional exhibit information is required; no manila envelope is needed for these exhibits.
3. Exhibits in posters, notebooks and display boards must contain substantial supporting educational materials.
4. Educational display boards, posters and notebooks should be creative and showcase details about the knowledge learned in the project during the current 4-H year. Value is placed on youth who can demonstrate how their skills have increased while completing the project. Each exhibit will be judged on uniqueness, creativity, neatness, accuracy of material, knowledge gained, and content. An exhibit judging scoresheet is available at www.southwind.ksu.edu/fairs or www.STEM4KS.com. For example, a rocket that may have crashed and/or is highly damaged may be made into an educational display or poster that tells a great story with many lessons learned.
5. Follow copyright laws, citing all sources of information in a standard notation. Sources of information must be cited on the front of your exhibit, including all posters and educational display boards.
6. Educational displays are not to exceed a standard commercial 3’ x 4’ tri-fold display board. No card table exhibits will be allowed. Care should be taken to use durable materials that will withstand Kansas State Fair conditions (if qualified).
7. “Construction Kits” that are part of Educational displays must be contained in cases (tackle boxes, sealable containers, etc.) that may not be larger than 1’ x 2’ x 2’ and must have a latch which securely keeps all components contained in the “Construction Kits”. Other components are to adhere to appropriate dimensions as stated elsewhere.
8. Educational Project notebooks must be organized in a 3-ring binder.
9. Any three dimensional poster or display board exhibits may not be thicker than 2 inches.
10. Engines and igniters for rockets ARE NOT permitted with the exhibit and constitute an immediate disqualification. This is for safety reasons and includes both spent and live engines.
11. Exhibitor’s name, county or district, age and year(s) in project must be tagged or labeled in a prominent location on the notebook and/or “Construction Kit”. For education displays and/or posters, the exhibitor’s name, county or district, age, and year(s) in project must be tagged or labeled on the back of the exhibit. Exhibit cards are not sufficient as they may be removed or repositioned for display. Failure to label an exhibit may result in one ribbon placing deduction.
12. Exhibits should possess the following qualities (in no particular order):
   a. A central theme
   b. What you want others to learn
   c. Be designed and constructed in a manner befitting the exhibit
   d. Be something you are interested in
   e. Be related to Astronomy, Computer System, Robotics, Rocketry, or Unmanned Aerial System
13. If a safety violation is noted by the judges, superintendent, or other staff, the exhibitor’s exhibit, at the judge’s discretion, will receive a participation ribbon.

CLASS 80: Junior Division 7-8 years old, educational exhibits in projects listed in 12e above
CLASS 85: Intermediate Division 9-13 years old, educational exhibits in projects listed in 12e above
CLASS 90: Senior Division 14-18 years old, educational exhibits in projects listed in 12e above

DIVISION YL

Shooting Sports
Superintendent: TBD
Premiums: Blue $2, Red $1.50, White $1.00

The Shooting Sports project teaches gun safety, care and safety of shooting sports, equipment, hunting practices, and provides an opportunity for youth to test their skills. The fair classes are designed to provide an opportunity for youth to educate others about what they have learned through the project or to promote the benefits of participation.

Special Rules:
1. An exhibitor may make only one entry in this division.
2. Exhibits in this division are open to educational displays or promotional posters. Follow copyright laws as explained in the General Rules as you are preparing your exhibit. Take care to select durable materials, should you qualify to take your exhibit to the State Fair. Entries will prominently incorporate the 4-H Clover with KSRE branding and should include the Kansas 4-H Shooting Sports emblem. Failure to do so will penalize entry one ribbon color.
3. No “live” ammunition containing propellant or explosive powders may be used in any display. An inert substitution must be used in lieu of powder and “live” ammunition. The substitution must be clearly described on the back of the poster, display, or in a notebook.

CLASS 1: Educational Display: Must be directly related to the 4-H Shooting Sports Project. Standard tri-fold boards only, no larger than 3’ x 4’.
CLASS 2: Promotional Posters: Must promote 4-H Shooting Sports. Posters will be displayed on the wall.
CLASS 3: Notebooks: Contents pertain to some phase, results, story, or information about 4-H Shooting Sports.

DIVISION YN
Livestock Showmanship Contest (Round Robin)

Superintendents: Dale Lanham, Garrett Eggers, Pat Collins, Philip Collins, Shiloh Eggers

Special Rules:
1. There must be a minimum of three exhibitors (that show in showmanship) of the eligible age within species to have that species in the round robin contest. All participants in the round robin showmanship must have received a blue or better in their species to be eligible to show in the round robin.
2. Pee Wee Showmen are not eligible to participate in the round robin. Judging is based on preparation of their own animals, their apparent training and the appearance and behavior of the showman.
3. First place exhibitors of a division will show the first place animal of the other divisions. However, if there is only one winner in a division, then they have their choice of animals to show in the other divisions.

FAMILY AND CONSUMER SCIENCES

General Superintendent: Barbara Stockebrand

DIVISION YO

Food Preservation

Exhibited in Community Building

Premiums: Blue $1.50  Red $1.00  White $.75

Special Rules:
1. All exhibits must be a product of the current club year.
2. Members must be enrolled in any level of Foods & Nutrition.
3. Recommended method of processing must be used. Processing methods that will be disqualified include open kettle canning, oven canning, sun canning, and electric multi-cookers food. Pickles and sweet spreads must be finished by the water bath process; low acid products must be pressure processed. The label must include the canning method (water bath, weighted gauge or dial gauge pressure method), process time, and amount of pressure (psi) when pressure canning method is used.
4. Exhibits must be sealed in non-decorated, clean clear (not tinted) standard canning jars with matching brand (use Ball lids on Ball jars, or Kerr lids on Kerr jars, etc.) two piece lids. Jars must be sealed when entered. Jelly must be in ½ pint or pint jar. All other products must be in pint or quart jars.
5. Each jar exhibited must be labeled with uniform label placed one inch from the base of the jar. Label must not cover the brand name of the jar.
6. Recipes and processing methods from the sources below are recommended. Recipes must be from current, tested resources listed below AND MUST BE ADJUSTED FOR ALTITUDE based on your processing location. Local altitudes are: Yates Center – 1132, Toronto – 951, Piqua – 1027, Neosho Falls – 974. Tested recipe sources include:
   - K-State Research and extension Food Preservation publications
   - Other University Extension Food Preservation publications
   - USDA Complete Guide to Home Canning, @2015
   - So Easy to Preserve, 6th edition, The University of Georgia Cooperative Extension Service
   - Ball® Blue Book Guide to Preserving, Edition 37
   - Ball® Complete Book of Home Preserving, @2015 and @2020
   - Canning mixes (i.e. Mrs. Wages, Ball – if using, indicate the date the mix was purchased.
   - Pectin manufacturers (i.e. SureJell, Ball®)
   - KSRE Rapid Response Center Preservation Recipes (www.rrc.k-state.edu/preservation/recipes.html)
   - National Center for Home Food Preservation (www.nchfp.uga.edu)
• Ball® and Kerr (www.freshpreserving.com)

CLASS 1 One jar Sweet Spreads (Fruit and/or Vegetables), Syrups.
CLASS 2 One jar Fruits, Juices, Fruit mixtures (Salsa, Pie Filling, etc.).
CLASS 3 One jar Low Acid Vegetables (green beans, corn, etc. or vegetable mixtures).
CLASS 4 One jar Pickles (Fruit or Vegetable), Fermented Foods, Relishes or Chutney.
CLASS 5 One jar Tomato/Tomato Products (Tomato Juice and Tomato Salsas).
CLASS 6 One jar of meat.
CLASS 7 Dried foods. One kind of dried food product exhibited in a small canning jar. If dried food product is not in a canning jar, it will be lowered one ribbon rating. Suggested amount: 1/3 – 1/2 cup, or three or four pieces per exhibit. All meat jerky must be cooked to an internal temperature of 160 degrees F before or after drying. Dried products must include the recipe and preparation steps.

DIVISION YP

Foods & Nutrition
Exhibited in Community Building
Superintendents: Stephanie Wendland, Angela Gaulding, Jeanie Shaffer
Assistants: Gavin Stockebrand, Jack King, Averi Gaulding
Food Sale Assistants: Laura Sterling, Cooper O’Brien, Clayton Culver
Premiums: Blue $1.50    Red $1.00   White $.75

Special Rules:
1. Members are limited to six entries. Member must exhibit in their current age level. Recipes are required for all food product exhibits and state fair exhibits or it will be lowered one ribbon placing.
2. Entire product must be entered and uncut. Exhibit 3 cookies, 3 muffins, etc.
3. Attach gummed label to bottom of plate or cardboard. (Labels are available from the Extension Office.) Foods will not be judged if label is not on bottom of plate and entry tag on bag.
4. For this division, quick breads do NOT contain yeast.
5. 4-H’ers are encouraged to use whole grain flours, fruits, nuts, etc.
6. Remove baked products from pans and place on paper plates or cardboard. Remove all wrappers and liners from items to be exhibited before judging.
7. Exhibits should be in food-grade plastic bags (available from the Extension Office).
8. Carefully secure the entry form to the outside of the wrapped exhibit. Do not wrap in plastic.
9. All unfrosted cakes should be exhibited in an upright position with crust showing, except for those cakes made with special designs such as Bundt cakes. They should have the top crust side down.
10. For food safety purposes any food with custard and cream cheese type fillings and frostings, raw eggs, flavored oils, “canned” bread or cakes in a jar, cut fresh fruit or any food requiring refrigeration (ex. Bacon) or unbaked exhibit with raw flour (ex. No bake cookies) are considered perishable. Perishable foods can be judged, but will not be exhibited or sold through the 4-H food sale, and are not eligible for the State Fair.
12. Loaves must be whole and uncut. Cookies and rolls must be the same shape and same recipe.
13. Educational exhibits – if a poster, it must not be larger than 22” x 28”. May be notebooks or other displays. Total space required for display must be no more than 12” high by 12” deep and 18” long. Name and county must be clearly marked on educational displays. Educational exhibit, notebook, or display should show or describe something learned, a project activity done, a food–nutrition community service program, etc. Should relate to things done in the project. Care should be taken to select durable materials that will withstand state fair conditions.
14. Recipe collections are not eligible for state fair exhibit.
15. Food Gift Package and/or Specialty Food Product: No alcoholic beverages will be accepted. A food gift package must contain at least three different food items, prepared by the 4-H’er, in a suitable container no larger than 18” x 18” x 18”. Prepared food items must have recipes attached with entry. Additional homemade food
items beyond the three minimum, or purchased items may also be included in the gift basket. On the back of the entry card, answer these questions: a) What is the intended use, b) What food safety precautions were taken during and after preparation? This entry is not an educational exhibit. Home canned foods must follow Food Preservation rules. Canning jars should not be used for baking per manufacturer’s instructions. They could break during baking.

16. A decorated food item must be a food item, not a decorated box.
17. Dried foods are to be exhibited in the Food Preservation Division.
18. Bread machine breads are permissible if indicated on the recipe.
19. All food items considered to be non-perishable will be sold at the 4-H Food Sale, excluding food gift packages and canned products.
20. Commercial mixes, as part of a recipe, will be allowed in Level I only.

Level I: (Ages 7 – 8)
CLASS 1 Non-perishable food product
CLASS 2 Perishable food product
CLASS 3 Educational Exhibit
CLASS 4 Recipe Collection (NOT eligible for State Fair.)
CLASS 5 Gift Package
CLASS 6 Decorated Food Item

Level II: (Ages 9 -11)
CLASS 7 Non-perishable food product
CLASS 8 Perishable food product
CLASS 9 Educational Exhibit
CLASS 10 Recipe Collection (NOT eligible for State Fair.)
CLASS 11 Gift Package
CLASS 12 Decorated Food Item

Level III: (Ages 12 – 14)
CLASS 13 Non-perishable food product
CLASS 14 Perishable food product
CLASS 15 Educational Exhibit
CLASS 16 Recipe Collection (NOT eligible for State Fair.)
CLASS 17 Gift Package
CLASS 18 Decorated Food Item

Level IV: (Ages 15 & up)
CLASS 19 Non-perishable food product
CLASS 20 Perishable food product
CLASS 21 Educational Exhibit
CLASS 22 Recipe Collection (NOT eligible for State Fair.)
CLASS 23 Gift Package
CLASS 24 Decorated Food Item

4-H’ers in any level may enter:
CLASS 25 Bread Sculpture (NOT eligible for State Fair.)
CLASS 26 Novelty. (NOT eligible for State Fair.)
CLASS 27 A baked food made from a recipe which you have changed to improve the nutritional value. Include both recipes, before and after the changes. (This is NOT eligible for State Fair.)
CLASS 28 Food flop. This class is for conference evaluation only. No premium will be given in this class. Will be considered perishable.

DIVISION YR

Clothing and Textiles
Exhibited in Community Building.
Special Rules:
1. All work must be the product of the current 4-H year.
2. Garments shall be carefully laundered or cleaned before exhibited.
3. Place on hanger with hook toward right shoulder of garment. Attach skirts and shorts to hanger with large safety pins.
4. Labels: (a) Typewrite or print on a 3 x 2 ½ -inch piece of cloth: Class – County – Name – Address. (b) Sew label on inside of garment (back of neck, center back of waist band or left end of apron band). (c) Label each piece.
5. Entries receiving a purple ribbon are eligible to be entered at the state fair, but an individual may enter one constructed item, article, or garment, and one educational exhibit, and must be 9 by January 1 of the current year.
6. A garment can be a skirt, a vest, a blouse, a shirt, a pair of slacks or shorts, a dress, a coat, a jumper, a jumpsuit, etc.
7. Exhibits entered in clothing must have a completed project record sheet with item, article, garment or educational exhibit when judged.
8. Educational exhibits may be a poster, notebook or other display. If a poster is used, it cannot be larger than 22” x 28”. Other displays may be no more than 12” x 12” deep and 18” tall. No card table exhibits allowed.

LEVEL I – Ages 7-8 years old
CLASS 1 A constructed article, item or garment
CLASS 2 A made-over constructed article, item or garment
CLASS 3 Educational exhibit
CLASS 4 Sewing box

LEVEL II – Ages 9-11 years old
CLASS 6 A constructed article, item or garment
CLASS 7 A made-over constructed article, item or garment
CLASS 8 Educational exhibit
CLASS 9 Sewing box

LEVEL III – Ages 12-14 years old
CLASS 10 A constructed article, item or garment
CLASS 11 A made-over constructed article, item or garment
CLASS 12 Educational exhibit
CLASS 13 Sewing box

LEVEL IV – Ages 15-19 years old
CLASS 14 A constructed article, item or garment
CLASS 15 A made-over constructed article, item or garment
CLASS 16 Educational exhibit
CLASS 17 Sewing box

DIVISION YT

Home Environment
Exhibited in Bressner Building
Premiums: Blue $2.00 Red $1.50 White $1.00

Special Rule:
1. Open only to members enrolled in Home Environment project.
CLASS 1 Single exhibit: An article made by the 4-H’er for the home. Include explanation of how it was made, cost, pictures, pattern, etc. Describe how it fits into the color and design scheme of the room. Explanation will be considered in total score.
A 4-H member may exhibit in the Entomology Collection, Entomology Notebook, and/or Educational Display categories. Within each category, there are classes in Beginning, Intermediate or Advanced phases in which they enroll.

Collection Classes Special Rules:
1. All entries are to be placed in an 18 x 24 x 3.5-inch wooden display box with a clear plastic top. Boxes can be handmade or purchased as long as they are of the correct size and do not have a glass top. Introductory Phase exhibits may be in 2 cigar or school supply boxes (approximately 2”x6”x8”). See specific phase for box and specimen number limitations.
2. Identification should follow the taxonomy either a) as printed in “Insects in Kansas” book or b) as printed on the “Insects in Kansas Book: 2016 Revised Taxonomy”, which follows www.bugguide.net. Project members are encouraged to progress toward option b by 2019 or as revised “Insects in Kansas” book is available.
3. Each exhibitor is required to identify each box with two identification labels bearing Exhibitor’s name, county or district, the collection class 4-H’er is enrolled in and statement of taxonomy used. One label goes in the upper left corner of the box (inside) and the other on the lower right corner of the box (outside). Arrange specimens in the box so that it can be displayed lengthwise.
4. The number of orders, specimens (and families where required) must be included on both of the exhibitor’s box identification labels. Only adult specimens can be used in collection boxes; however, one female and one male of a species correctly identified can be displayed.
5. Arrangement of specimens: The preferred method is to arrange the insects in groups or rows parallel to the short sides of the box. Specimens are to be arranged by Order in the box, and then Family where required.
6. Two labels should be centered on the pin beneath each specimen. First (closest to the specimen) is the common name label and the second label should include date/locality. Full county name and state abbreviation should be on the second label. Collector’s name on the date/locality label is optional.
7. The specimens should be collected by the exhibitor and should focus on Kansas insects. Insects may be collected from one county into bordering states and labeled accordingly. Please refer to “Entomology Collection Exhibit Resource” for full details on out-of-state insects in collections.
8. Purchased insects are not to be exhibited in collections, but they may be used in educational displays.
9. Only specimens of the class Insecta should be included. This means that specimens from arachnids, such as spiders, millipedes, centipedes, ticks, mites, etc. will not be judged or included in overall specimen count.
10. Specimens of soft bodied insects such as aphids, lice, termites, etc., should be exhibited in alcohol filled vials; however, the use of alcohol filled vials should be limited to only those specimens that lose their shape when pinned, since the vials pose a significant hazard to the rest of the collection if they become loose in transit.
11. Points will be deducted from collections and notebooks if: a) Non insects and out of state specimens are not in a designated ‘display only’ area and b) Any specimens are immature.

Introductory Phase
CLASS 1 Collection: Minimum of 15 and maximum of 30 specimens, representing 6 orders. Introductory Phase collections are not eligible for State Fair.

Beginning Phase I
CLASS 2 Collection: Display in one standard box a minimum of 50 and a maximum of 125 species representing at least 7 orders. Follow the general guidelines listed for Collections. Members can exhibit in this class a maximum of 3 years, or until they receive a purple ribbon at the Kansas State Fair, whichever comes first.

**Beginning Phase II**

CLASS 3 Collection: Display in one standard box a minimum of 75 and a maximum of 150 species representing at least 9 orders. Follow the guidelines listed for Collections. Members can exhibit in this class a maximum of 3 years, or until they receive a purple ribbon at the Kansas State Fair, whichever comes first.

**Intermediate Phase**

CLASS 4 Collection: Display a minimum of 100 and a maximum of 300 species representing at least 10 orders. Two standard boxes can be used. Follow the general guidelines listed for Collections. In addition, family identification is required for all insects in any two of the following six orders: orders: (Only two will be counted for judging) a) “Insects in Kansas” book - Orthoptera, Hemiptera, Homoptera, Coleoptera, Hymenoptera and/or Diptera or b) “Insects of Kansas Book: 2016 revised Taxonomy: which follows www.bugguide.net – Odonata, Orthoptera, Hemiptera, Coleoptera, Hymenoptera, and/or Diptera.

Members should list on a piece of paper what was done to improve the collection during the current year. Members can exhibit in this class a maximum of 3 years. A 4-H’er may move up if they receive a purple ribbon.

**Advanced Phase**

CLASS 5 Collection: Display a minimum of 150 and maximum of 450 specimens, representing 12 orders. Three standard boxes can be used. Follow the general guidelines listed for Collections. Family identification is required for all insects belonging to the six basic orders as outlined under the Intermediate phase. Only families in the above six orders will be counted for judging. Family identification of insects in the remaining orders is optional, but desirable as long as accuracy is maintained. On a piece of paper, list what you did to improve your collection during the current year. Examples: what insects did you add or replace; what orders and/or families you added; what Leadership you provided in this project; and/or what insects you have studied. Attach paper to the back of one of the display boxes. Members may continue to exhibit in this class at the Kansas State Fair for an unrestricted number of years as long as they remain eligible for 4-H membership.

**Special Rules for Notebook Classes**

1. Individual entries are to be placed for display in a three-ring notebook for competition.
2. During the transition, Orders and Family names should follow the taxonomy either a) as printed in “Insects in Kansas” book or b) as printed on the “Insects in Kansas Book: 2016 Revised Taxonomy”, which follows www.bugguide.net.
3. 4-H’ers who have been previously enrolled in or are currently enrolled in the other phases of the Entomology project need to start with the Beginning Phase of Entomology Notebooks, not the Introductory phase.
4. Each exhibitor is required to identify the notebook by placing a Title Page in the front of the notebook bearing the exhibitor’s name, county or district and class 4-H’er is enrolled in and the statement of taxonomy used: a) as printed in “Insects in Kansas” book or b) as printed on the “Insects in Kansas Book: 2016 Revised Taxonomy”, which follows www.bugguide.net. The number of orders, specimens and families (required in Intermediate and Advanced classes) must also be included on the Title Page.
5. Specimen pages should be grouped according to order and should include one page per species. If more than one insect is in the photo, an arrow to indicate the identified insect should be used.
6. Date, common name, full county name, state abbreviation and collector name should be included for each species. Collector’s name on the specimen page is optional.
7. Specimen pages should have two different views of the insect if possible. If pictures are taken on different dates/localities, include information for both.
8. A statement describing the habitat where found/host plant may be included and is encouraged and will be worth a bonus 10 points total, not per page. For Intermediate and Advanced notebooks, this is strongly encouraged.
9. A divider page is to be placed in front of each order of insects with the order name printed on the tab for the page and also on the front of the divider page.
10. For the Intermediate and Advanced classes, insects are also to be grouped by family behind each order divider.
11. If the exhibitor has been in the same class for more than one year, a separate sheet of paper needs to be added stating how many years the exhibitor has been in this class of the project and what the exhibitor did this year to improve their notebook. Place the paper just behind the Title Page in the front of your notebook.
12. A special project must be completed each year and included in the notebook. See project guideline materials for specifications.

**Introductory Entomology Notebook**
CLASS 6 Display a minimum of 10 and a maximum of 30 insect species representing at least six different orders. Follow the special rules listed for Notebooks. A 4-H’er may exhibit in this class for a maximum of two years.

**Beginning Entomology Notebook**
CLASS 7 Display a minimum of 30 and maximum of 60 insect species representing at least seven different orders. Follow the special rules listed for Notebooks. A 4-H’er may exhibit in this class for a maximum of three years.

**Intermediate Entomology Notebook**
CLASS 8 Display a minimum of 60 and a maximum of 100 species representing at least nine orders. Follow the general guidelines listed for Notebooks. Pictures in any two of the following six orders should be identified to family: Orthoptera, Hemiptera, Odonata, Coleoptera, Diptera, and/or Hymenoptera. A 4-H’er may exhibit in this class for a maximum of three years.

**Advanced Entomology Notebook**
CLASS 9 Display a minimum of 100 and a maximum of 200 species representing at least 12 orders. Follow the special rules listed for Notebooks. In addition, family identification is required for all insects in the following six orders: Orthoptera, Hemiptera, Odonata, Coleoptera, Diptera, and Hymenoptera. Family identification in the remaining orders is optional, but desirable as long as accuracy is maintained. Members may continue in this class for an unrestricted number of years as long as they remain eligible for 4-H membership.

**Special Rules for Educational Display Classes** – 4-H members who have been previously exhibited in Notebooks or Educational displays, need to start with the Beginning Phase of Entomology Collections, not the Introductory phase.

1. Share with others what you learned in this project. Exhibit any activity or learning experience related to the field of entomology or the Teaming with Insects curriculum that does not fit into Entomology Collection or notebook classes above.
2. Follow copyright laws as explained in the General Rules.
3. The exhibit may be, but isn’t limited to, original works, digital presentations, programs, websites, games, apps, display box, notebook, display or poster which you have made.
4. If the exhibit is a wooden display box, it must be 18 x 24 x 3.5 inches with a clear plastic top (such as plexiglass) and displayed horizontally. If the exhibit is a poster, it must not be larger than 22” x 28”. If the exhibit is a display, maximum size is not to exceed a standard commercial 3’ x 4’ tri-fold display board.
5. Name and county/district must clearly be marked on educational exhibits.

**Beginning Educational Display**
CLASS 10 A 4-H’er may enroll in this class if enrolled in Beginning I or II Collection/Notebook classes or if age 9 – 12. Follow the special rules listed for the Educational Displays.

**Intermediate Educational Display**
CLASS 11 A 4-H’er may enroll in this class if enrolled in Intermediate Collection/Notebook classes or if age 11 – 14. Follow the special rules listed for the Educational Displays.

**Advanced Educational Display**
CLASS 12 A 4-H’er may enroll in this class if enrolled in Advanced Collection classes or if age 13 or older. Follow the general rules listed for the educational displays.

---

**DIVISION YT**

**Records of 4-H Officers & Projects**
Exhibited in Bressner Building
Superintendent: Linda Wille
Assistant: Josiah Stockebrand
Premiums: Blue $2.00  Red $1.50  White $1.00

Special Rules:
1. 4-H’er must be an officer to exhibit their officer’s book.
2. 4-H’ers must be enrolled in this project.
3. Type of exhibit in this division is open to notebooks, posters, picture story, display boards, etc. Maximum exhibit size is 2’ x 3’. (Notebooks may be a journal showing habitat development, bird watching tips, information on endangered species or any in-depth study in the wildlife area. The display might include different fliers the exhibitor has, or different fish found in the exhibitor’s county, etc.)
4. Wildlife is eligible for State Fair. Exhibit must be directly related to the Wildlife project. Care should be taken to select durable materials that will withstand State Fair conditions.

CLASS 1  Secretary’s Book
CLASS 2  Reporter’s Book
CLASS 3  Historian’s Book
CLASS 4  Bicycle
CLASS 5  Family Studies
CLASS 6  Citizenship
CLASS 7  Health and Wellness

DIVISION YU

Woodworking
Exhibited in 4-H Community Building
Superintendent: Chuck Sievers
Assistant: Jesse Stockebrand
Premiums: Blue $4.00  Red $3.00  White $2.00

Special Rules:
1. Open to members enrolled in 4-H Woodworking Project and exhibiting current year’s project.
2. Articles made at school are eligible.
3. No plan with article constitutes an automatic white ribbon.
4. The plan from which the exhibit was constructed must be with the article. It may be a photocopy, the actual pattern, or a scale drawing. It must be complete and accurate to the extent that a duplicate article could be built using the plan as a guide. In addition, include a list and cost of materials, plus the amount of time spent on
constructing and finishing the article. This list should include all wood, hardware, finishing supplies, etc. Please note: a set of step-by-step instructions is not a plan.
5. Any glass that is part of the project must be secured.

Basis of Evaluation Points:
Plans or Blueprints (Plans must be provided) .......20
Usefulness...............................................................20
Workmanship..........................................................40
Wood.......................................................................10
Finish.......................................................................10
TOTAL..................................................................100

CLASS 1 Woodworking Articles for Farm or Shop use.
CLASS 2 Household Furniture
CLASS 3 Lawn Furniture
CLASS 4 Other Woodwork Articles not included in above classes. (Example: bird feeders, bird houses)
CLASS 5 Piece Repaired and Refinished Furniture (Open for either woodworking or home improvement project.)
CLASS 6 Any project made from a kit.

DIVISION YW

Style Revue
Superintendents: Sandy Eggers, Toni O’Hare, Cindy Raaf
Premiums: Blue $2.50  Red $2.00  White $1.25

Purpose: To encourage 4-H members to acquire skill and knowledge in dressing appropriately, healthfully, and economically; to develop self confidence in their appearance and the habits of good grooming.
Special Rules:
1. Judging will be held at 8:30 a.m., July 14. The Public Style Revue will be held Saturday, July 16 at 6:45 p.m. at Town Hall.
2. Three outfits may be modeled for judging by each member in the Buymanship project. One article in knitting or crocheting may be modeled.
3. At Public Style Revue, each participant is allowed to model one garment from each project (Buymanship, Construction, Knitting or Crocheting). 4-H’ers who have constructed more than one garment will be allowed the option to have other individuals model the extra garments she/he cannot model themselves. No clothing changes will be allowed within a project.
4. Garments judged must be exhibited.
5. Top winners will be selected or called back in each age division. The Grand and Reserve Champion winners will then be selected from those called back. 4-H’ers who choose not to participate in the Public Style Revue will not be considered for call backs when judged. 4-H’ers must be 14 before January 1 to participate in the State Fair Fashion Revue.
6. Fair premium money will be paid only to those participating in both the judging and the Public Style Revue.
7. Exhibits entered in Buymanship must have a completed project record sheet with the outfit when judged and with the exhibit at the fair or the entry will be lowered one ribbon placing.
8. In buymanship the majority of the outfit must be purchased and modeled by the 4-H’er or made by another individual for the 4-H’er, if the fabric and pattern were chosen by the 4-H’er. Everything which is commonly considered an outer garment must be purchased by the 4-H’er and constructed by another person (vest, jacket, dress, skirt, pants, coat, etc.). A sweater, blouse, or skirt can be purchased or made.

9. In Construction Style Revue the majority of the outfit must be constructed by a 4-H’er enrolled in the clothing construction project. Everything which is commonly considered an outer garment must be constructed by the 4-H’er (vest, jacket, skirt, pants, coat, etc.). A sweater, blouse or shirt that is worn underneath another constructed garment can be purchased or made. Only outfits constructed and modeled by the 4-H’er enrolled in the clothing construction project will be eligible for Grand and Reserve Champion placings.

DIVISION YY

Visual Arts
Exhibited in Bressner Building
Superintendent: Shiela Proper, Lynda Taylor
Assistant: Courtney Spoon, Hannah Sterling
Premiums: Blue $1.50  Red $1.00  White $.75

Special Rules:
1. Contestants must be 4-H members enrolled in the Visual Arts or Fiber Arts.
2. Contestants may enter a maximum of ten entries in any combination of classes.
3. State Fair entries from the Visual Arts classes will be determined by the county exhibit quota announced by the State Fair committee. State Fair Blue awards given in the Fiber Arts classes will be eligible for State Fair competition.
4. Exhibits of items that are normally used as a pair or set must be a complete pair or set for the exhibit.
5. All exhibits which need to be hung must have the appropriate hanger, rod, wire, or saw-tooth hanger attached in order to be properly displayed. All others will be rejected.
6. No plants or plant materials needing watering can be entered as an art display or item.
7. All entries must be checked in prior to the deadline on Sunday evening. LATE ENTRIES WILL NOT BE ACCEPTED.

DIVISION YZ  

Geology  
Exhibited in Bressner Building  
Superintendent: Linda Wille  
Assistant: Josiah Stockebrand  

Premiums: Blue $2.00  Red $1.50  White $1.00  

Special Rules:  
1. The standard size exhibit box should be 18” x 24” x 3 ½”. All specimens are to be arranged across the narrow (18”) dimension of the exhibit box, making the exhibit 18” across the top and 24” deep. If a box has a sliding plexiglass cover, it must be removed from the top.  
2. Each exhibitor is required to identify each display wooden box by placing an identification label bearing name, county, and number of specimens in the upper left-hand corner of the plexiglass cover – (inside – use double-sided tape to adhere gummed labels) and by attaching a label with the same information on the lower right-hand corner of the box (outside).  
3. Geology specimens should be labeled with the number of specimens, date collected, specimen name or description, and locality (county) where collected.  
4. Specimens should be mounted in the box by proper groups – rocks, minerals, fossils.  
5. All specimens must be collected from locations in Kansas.  
CLASS 1  Display at least 15 different rocks, minerals, and fossils collected during the current 4-H year. One standard box.  
CLASS 2  Display at least 30 rocks, minerals, and fossils, at least 5 each. 15 must be collected during the current 4-H year. Fossils must be identified to the Phylum level. One standard box.  
CLASS 3  Display at least 45 rocks, minerals, and fossils, at least 5 of each. More than one specimen of the same kind of rock or mineral or species of fossil may be exhibited if this duplication represents different geological formations. Specimen label must show this distinction. Exhibit limited to two standard boxes with glass cover. Exhibit must include approximately 15 specimens of current year’s work. Rocks must be identified by their proper name and type. Fossils must be identified to the Phylum level.
CLASS 4  Display at least 60 rocks, minerals, or fossils, at least 5 of each. More than one specimen of the same kind of rock or mineral or species of a fossil may be exhibited if this duplication represents different geological formations. Specimen label must show this distinction (i.e. Fort Hayes limestone; not just limestone; exact species must have different formation names listed on the I.D. card; Compostia Brachiopoda from Morrill limestone, not just Brachiopoda or Compostia Brachiopoda). Exhibit limited to two standard boxes with glass cover. Exhibit must include approximately 15 specimens of current year’s work. Rocks must be identified by their proper name and type. Fossils must be identified to the Phylum Class and Genus levels if possible.

CLASS 5  Special exhibit relating to everyday living; or to a mineral test, a rock formation, geological history, species of a fossil, forms of one mineral, a variation of one kind of rock, archaeological artifacts, or Indian artifacts. Exhibit limited to 4 feet of table space.

DIVISION YAA

Photography
Superintendent: Carol Stuber
Assistant: Molly Proper, Jeremiah Jones
Premiums: Blue $1.50  Red $1.00  White $.75

Special Rules:
1. Black and white, and color photographs may be exhibited.
2. Each Exhibitor will be limited to four photos.
3. Photographs entered must be the result of the current year’s project work by the 4-H member.
4. Photos are to be mounted across the narrow (11”) dimension of an 11” x 12.5” sheet of white or cream studio mount.
5. All photos must be no larger than 8” x 10” and no smaller than 7” x 9” after trimming.
6. Photos must be mounted with the top edge of the print 1” below the top of the mount. The sides of the print must be equal distance from the two sides of the mount.
7. A permanent mount must be made by using photographic adhesive mounting. Remove white border before mounting. Mounting boards may be obtained at the County Extension Office. For state fair exhibits, use “3-M Spray #77 Adhesive” or “3-M Spra-Ment” only. Photos with white border remaining will be lowered one ribbon placing.
8. To protect exhibit from dust and moisture, place in photo bag from the Extension office.
9. No lettering or automatic camera dating permitted on the front of the mount or on the photo. No underlays or borders are to be used. No contact prints on front of mount.
10. The exhibitor’s name, address, and photo class should be written on the back of the mount.
11. All black and white prints will be judged together in each class. All color prints will be judged together in each class.
12. Improperly mounted photos will be awarded a ribbon one placing lower than the placing determined by the judge.
13. See the Extension Office and/or State Fair packet for mounting details in Classes 4 and 6.
14. Photos showing a theme ‘Seasons in Woodson County – Spring, Summer, Fall, Winter’ in Woodson County entered in Open Class or 4-H photography divisions will be eligible for 3 overall cash awards sponsored by the Woodson County Chamber of Commerce. The Chamber of Commerce requests access to use winning photos.
15. Photos with live subject(s) on railroad right of way or taken from railroad right of way property will be disqualified and not judged.

CLASS 1  Color photos taken by a 4-H member with 3 years or less in the project.
CLASS 2  Color photos taken by a 4-H member with 4 – 7 years in the project.
CLASS 3  Color photos taken by a 4-H member with 8 or more years in the project.
CLASS 4  Black and white photos – all levels of experience. (Black and white prints, only.)
CLASS 5  Digital Composite Image. Photo must be created from two or more originals taken by the exhibitor. Exhibitor must include a second 11” x 12.5” mount board (Explanation Board) mounted with standard
size prints of the original photos, 3 x 5 card(s) explaining what manipulation was done, and a standard size print of the final photo. Optional, may include prints of editing steps. Photos showing editing steps may be layered. Please put name and Extension Unit on the front of the second board. Explanation Boards will be displayed as a group to explain and promote the class. Place both mount boards in the same protective plastic bag.

CLASS 6 Photo album exhibiting photos taken only throughout the current 4-H year. NOT eligible for state fair exhibit.

**DIVISION YBB**

**Dogs**

Judging will be Monday at 8:30 a.m. in the Show Arena
Superintendent: Valerie McGee
Premiums: Blue $3.00  Red $2.00  White $1.00
