

Ox Cart Man

A farm family use their time and energy and talents to grow or make almost everything they need. They also grow or make extra things to take to market and sell.

Some things to Think and Talk About

- Why did the farm family work so hard to make and grow everything?
- What were some skills and talents the family used?
- What were some natural resources the family used?
- What are some of the resources your family has?
- How do these resources help your family get what it needs?

Tell us about your StoryWalk® experience.

And give suggestions for new books and topics.

Key Ideas

Key Idea: Setting Goals

There are always things we want to do or to have. Goal setting is choosing something to work for.

Key Idea: Allocating Resources

Our resources include things like skills, time, and money. When we choose what to use to get the things we need, we are allocating resources.

K-STATE
Research and Extension

Southwind District

K-State Research and Extension is an equal opportunity provider and employer. K-State Research and Extension is committed to making its services, activities, and programs accessible to all participants.

The StoryWalk® Project was created by Anne Ferguson of Montpelier, VT and developed in collaboration with the Kellogg Hubbard Library. StoryWalk® is registered service mark owned by Ms. Ferguson.
