

2018 KAFCE Program Year Evaluations

As the 2018 program year comes to an end it will be time to look back and evaluate what has been done. Each year the Educational Program Committee seeks to provide lessons/programs for your educational needs, leadership opportunities, community involvement, public contacts, interest and enjoyment. It has been from your comments and evaluations that future lessons may be selected or written by KAFCE or K-State.

Please take a moment to complete this evaluation thus provide the EPC guidance to research future lesson materials. If needed you may write on the back.

Rank the 2018 Programs offered by the numbers, with 5 as Most Liked, Number 3 as OK and Number 1 as least liked. Just checkmark your opinions. If you did not attend or read the lesson, checkmark NO.
