

SCIENCE
How are threads
put together to
make cloth?

S E W I N G

TECHNOLOGY
When was the
sewing machine
invented? And how
do you run one?

T

ENGINEERING
Follow steps to
turn supplies and
tools into a
finished item.

E

ART
What color and
type of fabric
will you use?

A

MATHEMATICS
What's a seam
allowance and how
does that affect
the amount of
fabric needed?

M

We love to combine learning and fun! And this STEAM Sewing Workshop will do just that! Our interns are hosting these workshops for youth that have completed the third through sixth grades. Classes will fill up fast, so register today: <https://bit.ly/southwindsewing> or use this QR code.
